Centenary College

SUSAN BELL, Editor

*Change has come to Centenary
... for some too fast
... for some too slow.*

The new year brought new ideas and changes; but many still felt the frustration of things not yet changed. It seemed important issues took second place to trivialities. Ideas progressed rapidly, but still remained ideas. Though the effects were not immediately visible, the year represented a new look.

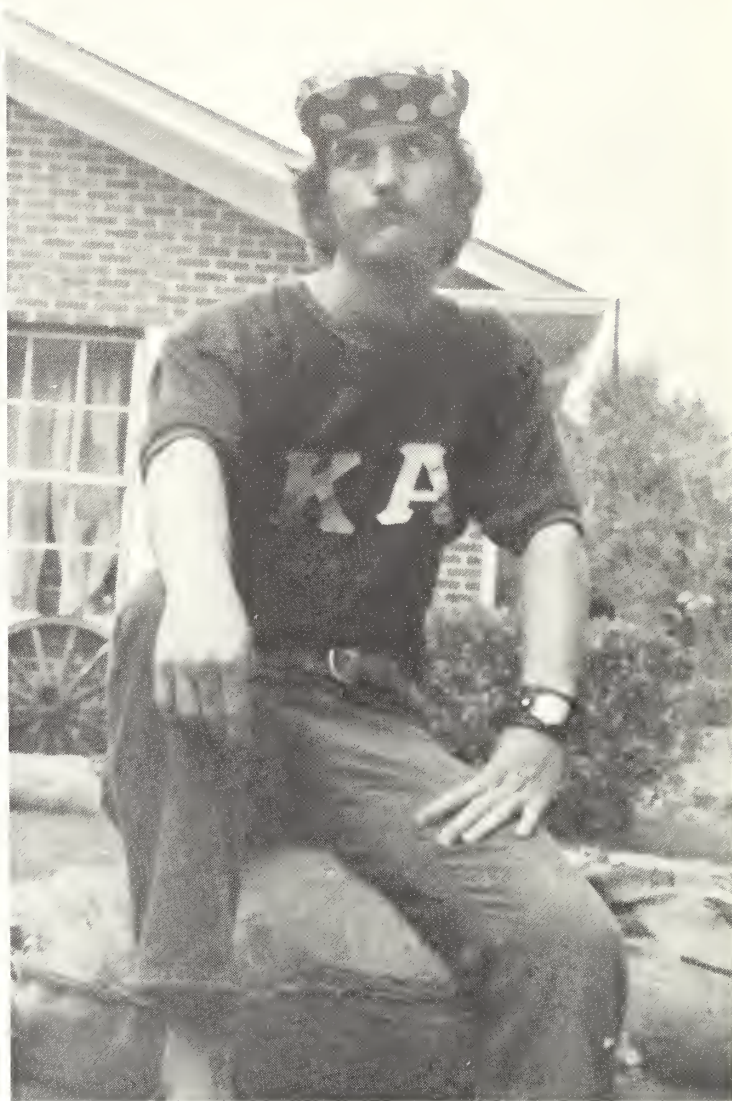

**President
Nixon.**
Now more
than ever.

**McGovern
Shriver
'72**

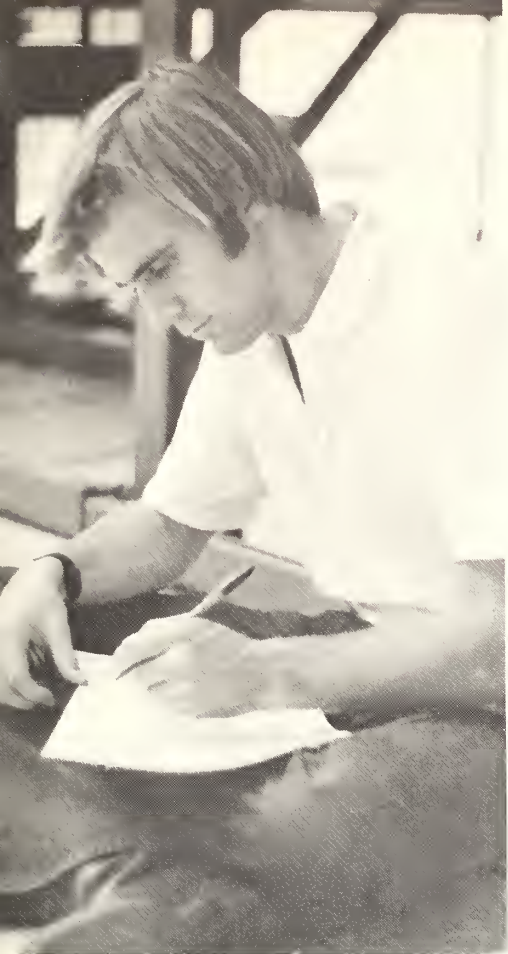

In August, the freshmen came to Centenary. They were quickly caught up in the confusion of new people, new ideas, and new places. The rush was on — with still more people to meet.

At first it appeared that student apathy had melted away; activism had triumphantly returned. Concern for a cause — Gradually the dream vanished. We were decimated with pressure, the fall term, rat-race, grades and cynicism.

*In the midst of the pressure, tears,
and disappointments we took time to
laugh with one another.*

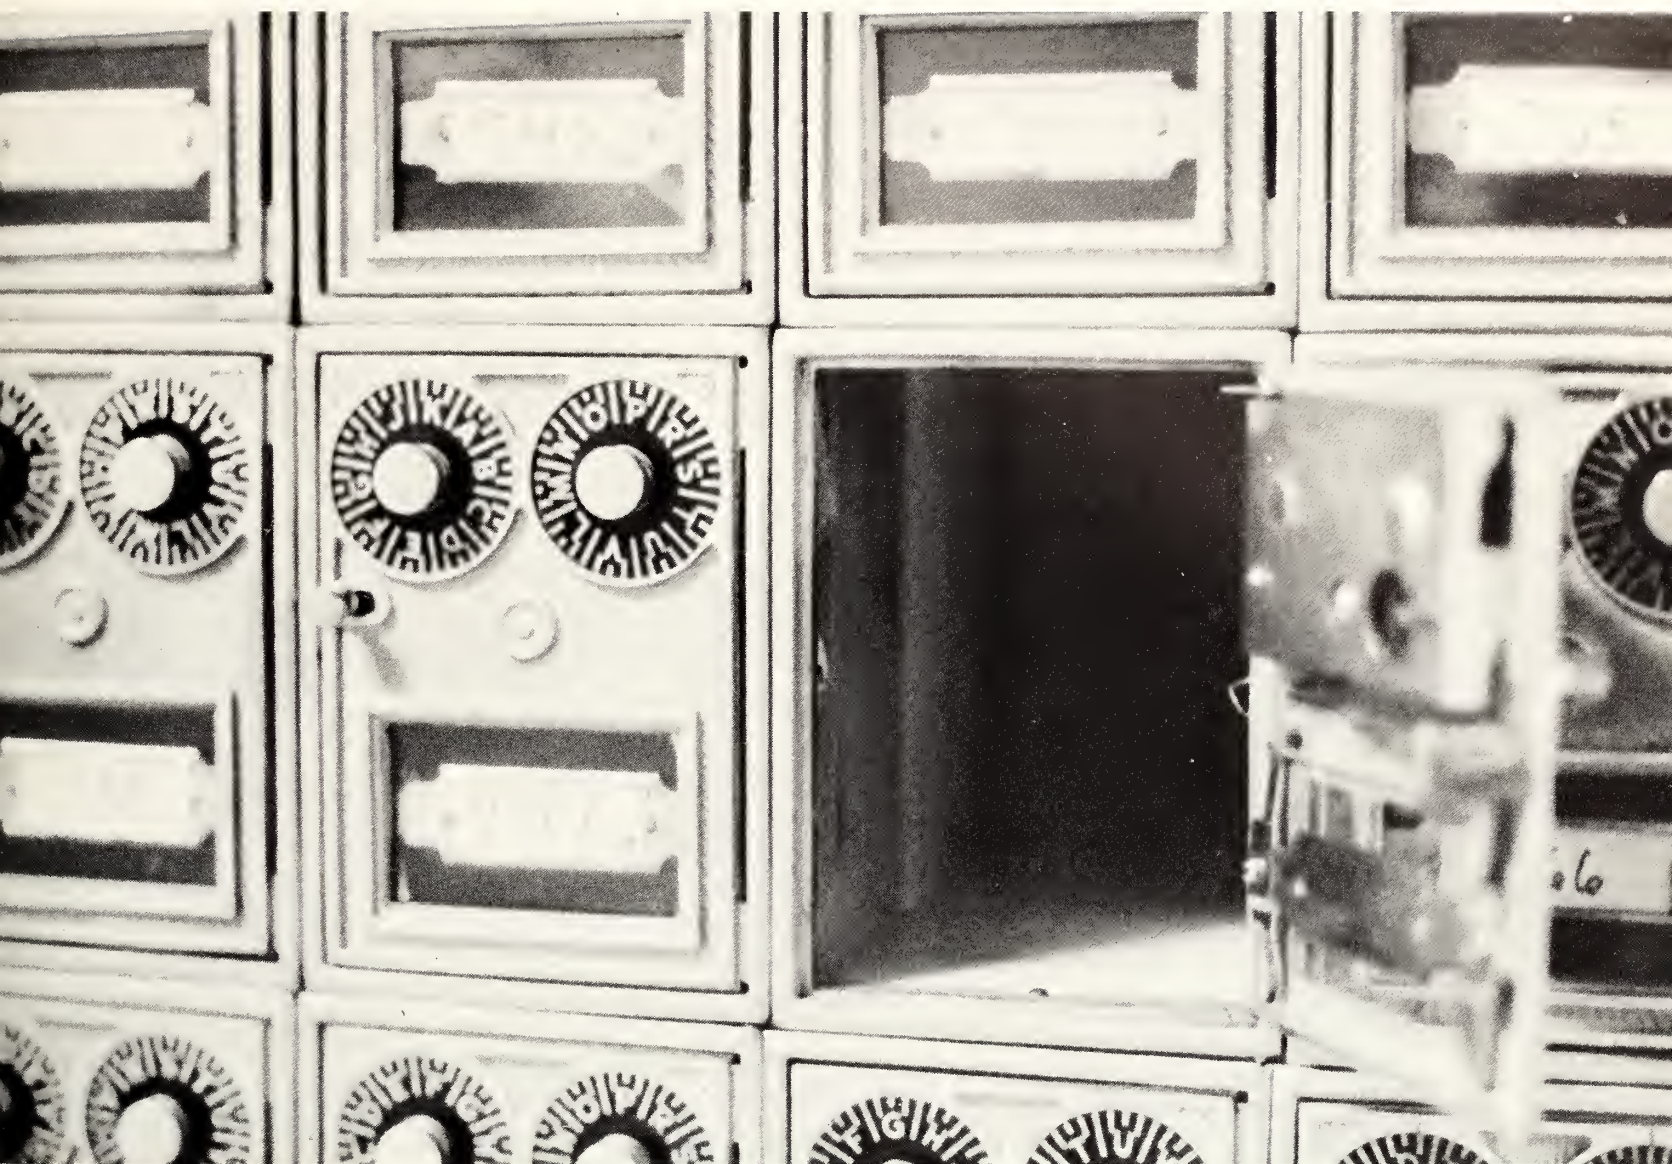

As the year progressed, it became apparent to each of us that an education was more than learning facts from a book and regurgitating them on a test. The simple act of living and learning to share with others taught us so much more about ourselves.

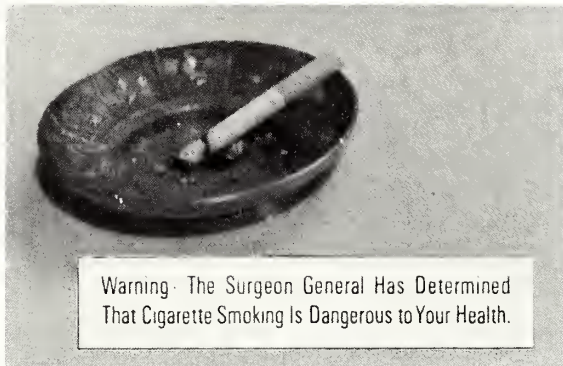

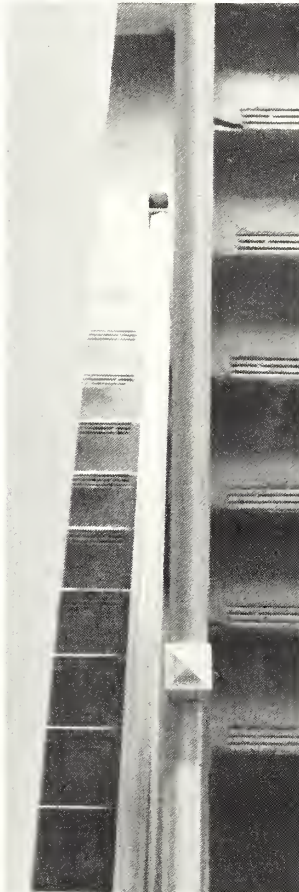

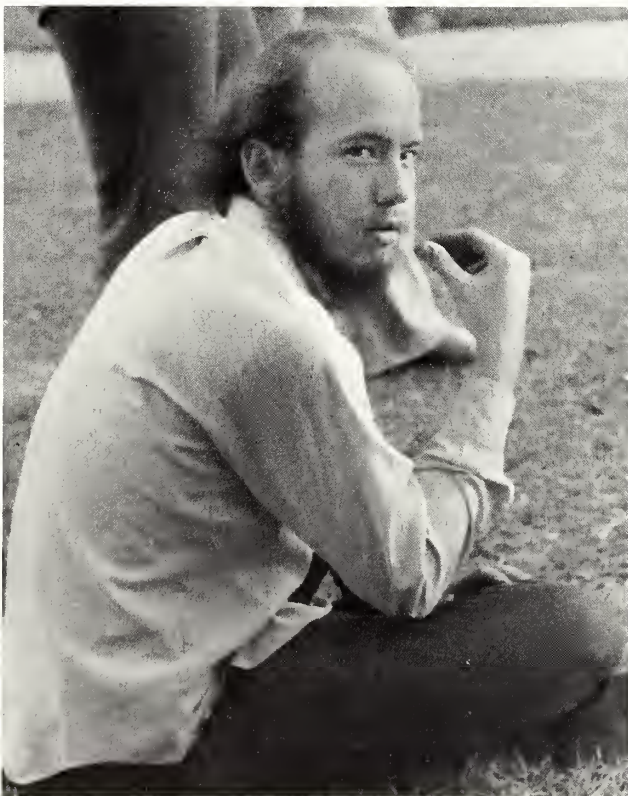

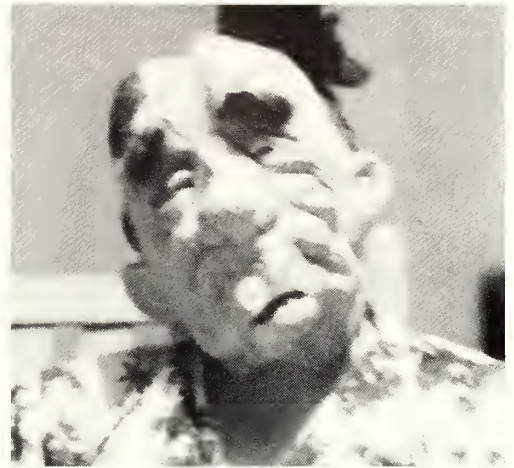

*"For without words, in friendship, all thoughts, all desires,
all expectations are born and shared, with joy that is unac-
claimed."*

The Prophet

Warning - The Surgeon General Has Determined
That Cigarette Smoking Is Dangerous to Your Health.

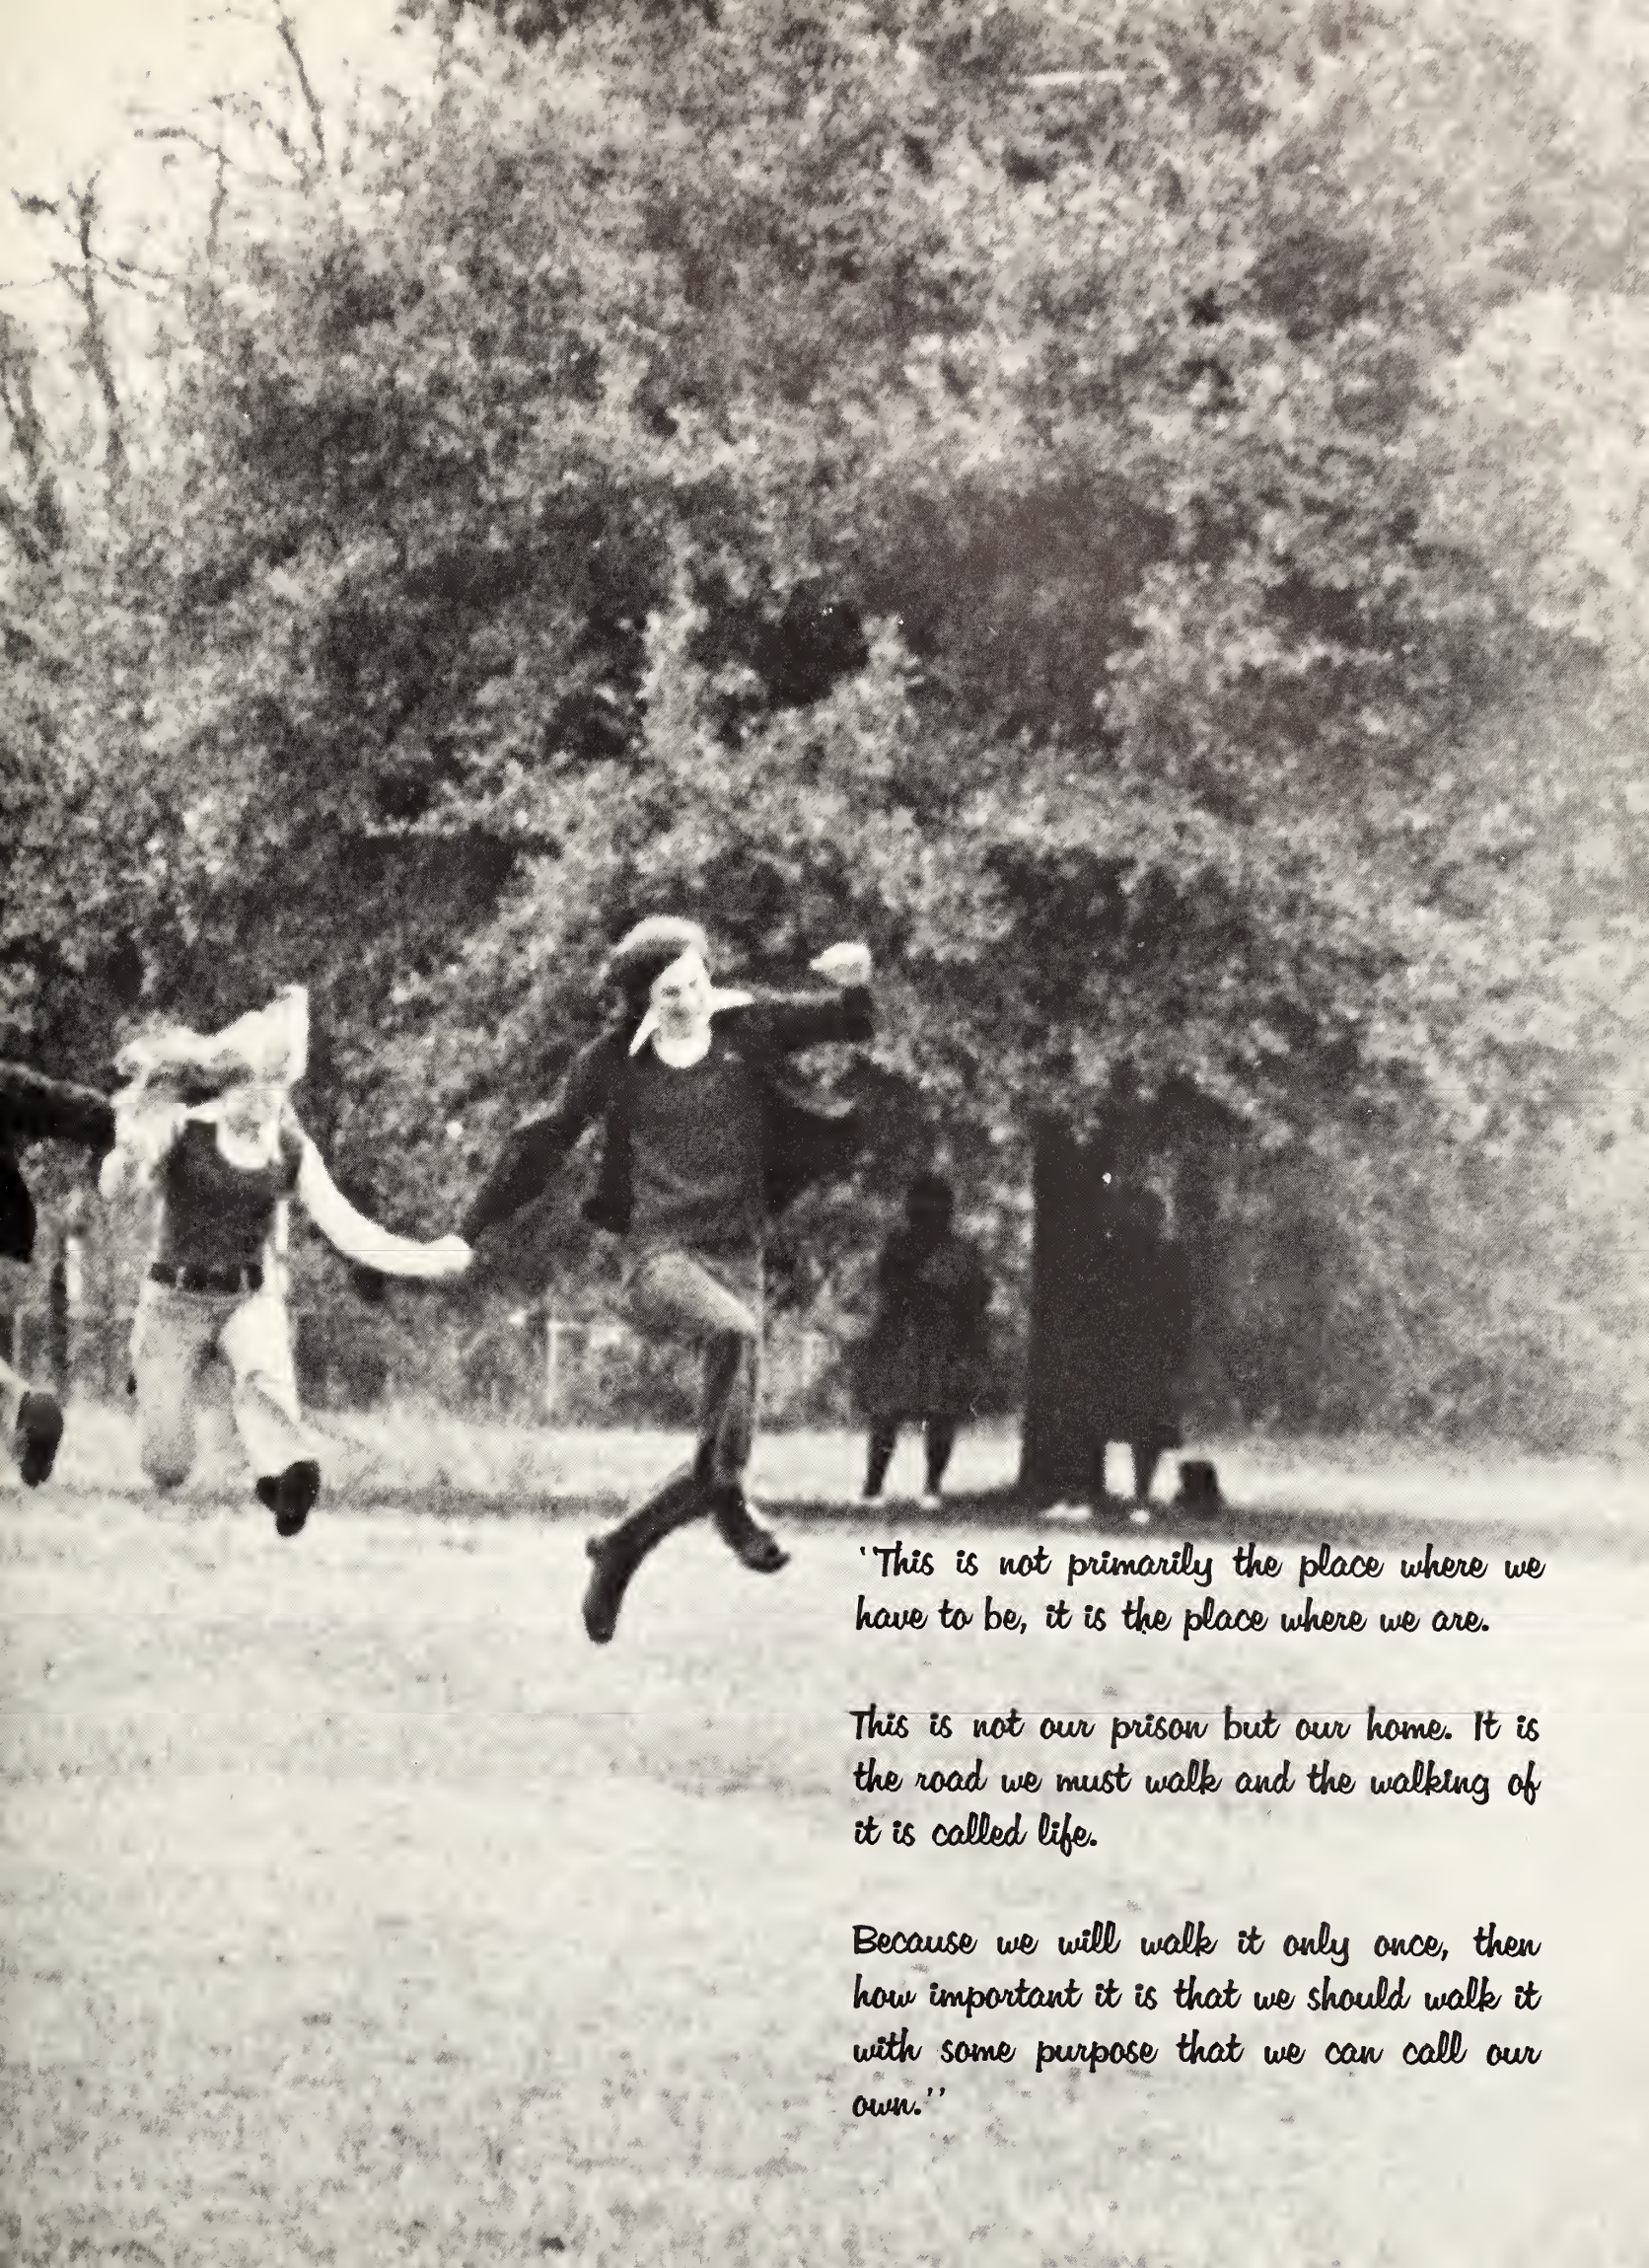

The year brought concern for our environment, and the revival of an old-fashioned and yet practical mode of transportation. But more important it took us one step further toward tapping an invaluable source of friendship, and it brought PEACE.

'This is not primarily the place where we have to be, it is the place where we are.

This is not our prison but our home. It is the road we must walk and the walking of it is called life.

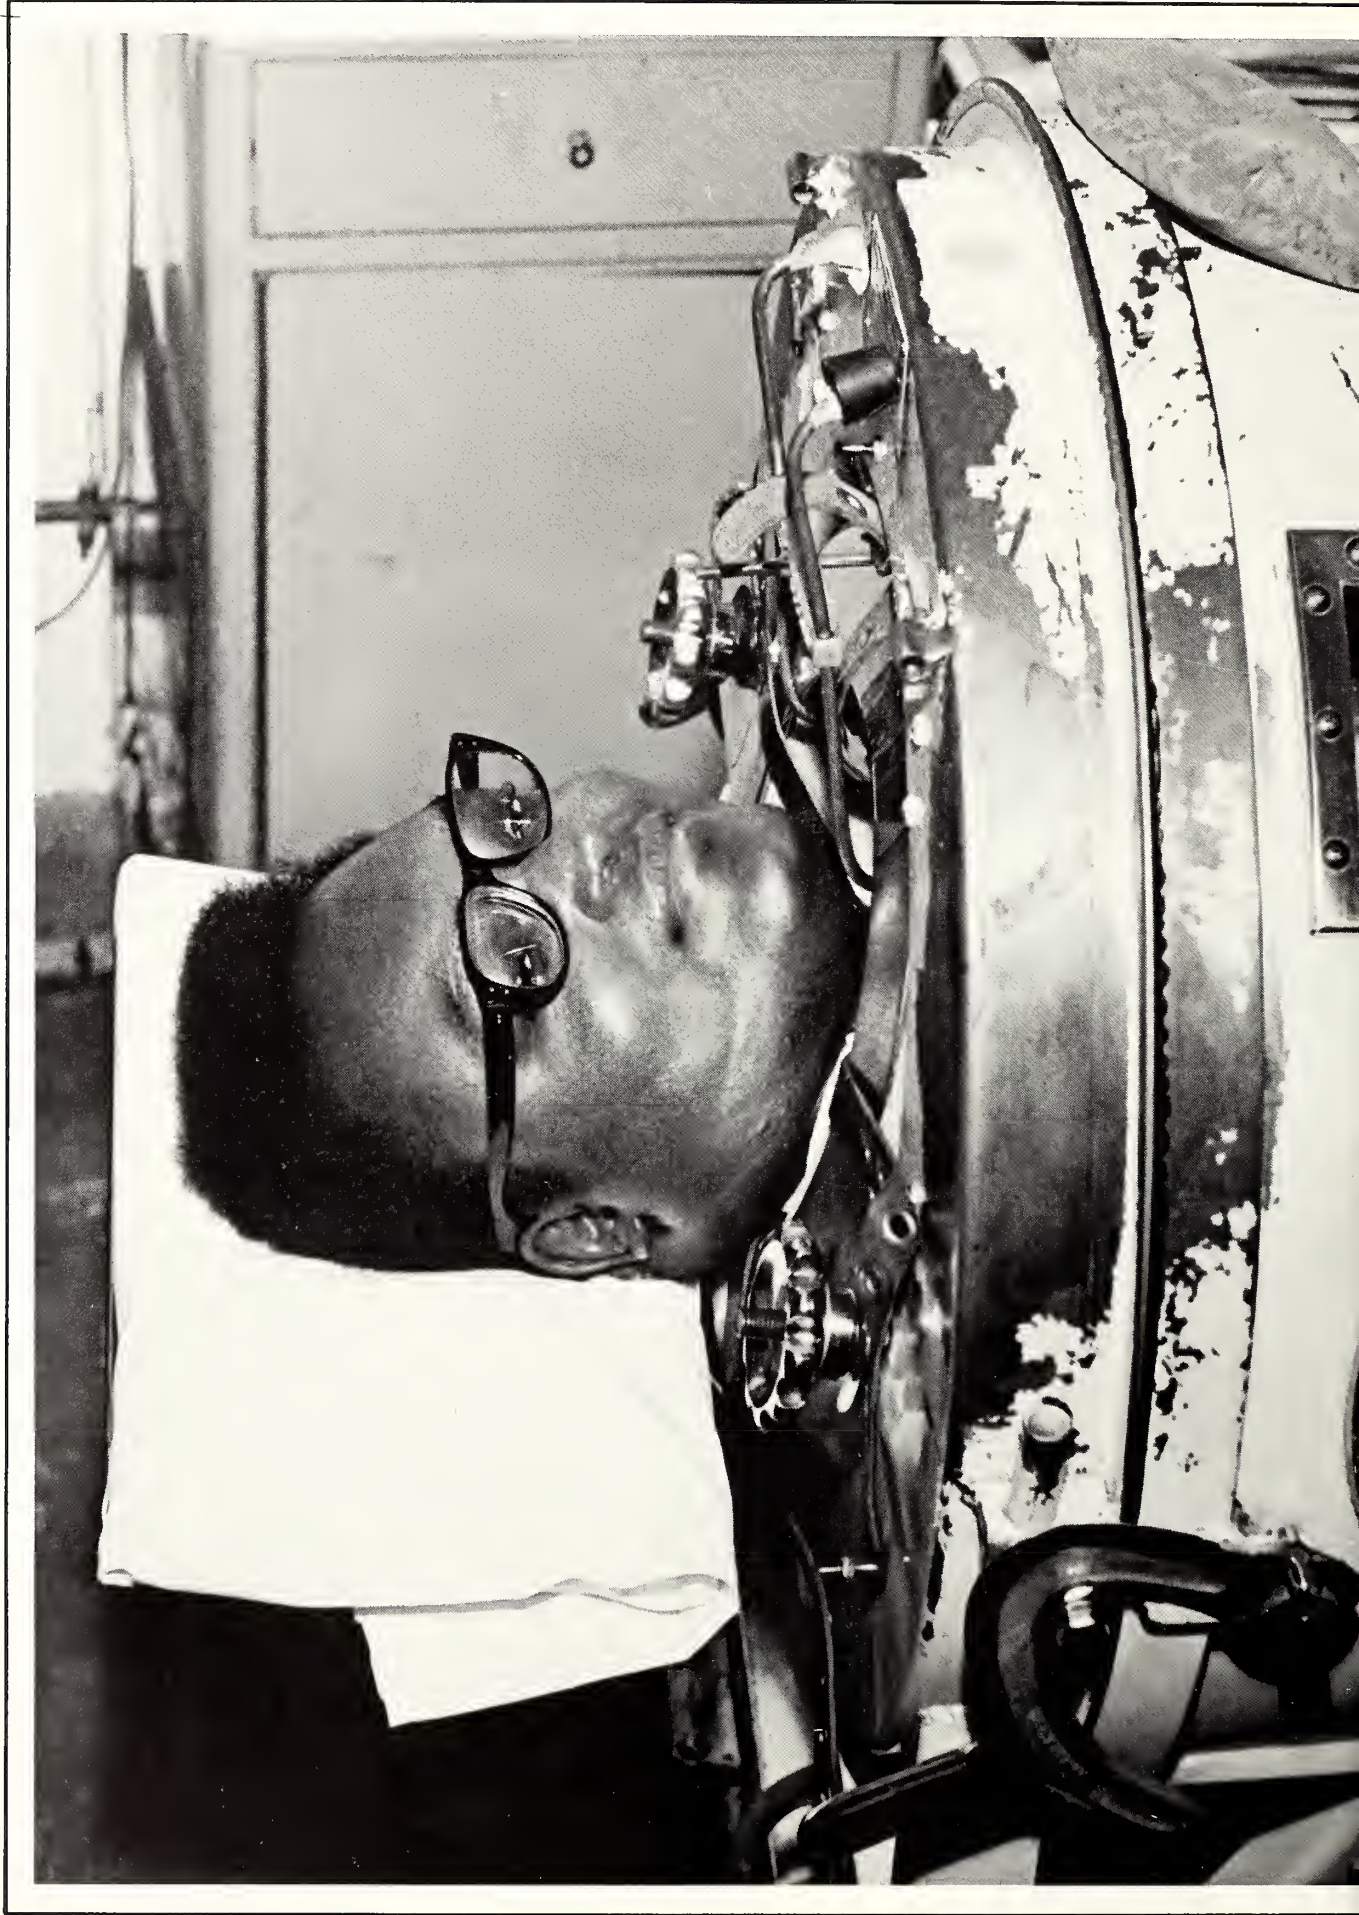

Because we will walk it only once, then how important it is that we should walk it with some purpose that we can call our own.'

To JAMES JONES
We Dedicate This Book

1944-1973
He died in 1952,
Laid in a box
by God.

But he stirred,
Couldn't/wouldn't keep still;
Must have felt he had to grow.
Motion from stillness,
Life from death sprang.

A friend on the surface,
A face in the storm.
James, I hardly knew you, missed you,
Until you were gone.

News from an electric source,
Somehow it's just not real.
1973 seems too soon;
So I'm back again to draw,
by God
The Life you left,
Alone.

A lady is not a lady because of fashions, nor is a gentleman a gentleman because of chivalry. Being a lady or a gentleman involves so much more than external characteristics or "proper" etiquette. It involves those certain qualities from within which enables one to relate to people as people . . . it involves gaining the respect and admiration of others — it involves the art of giving of oneself . . .

Who's Who in American Colleges and Universities

Each year, all across the nation, outstanding junior and senior college students are selected to be a part of Who's Who Among American Colleges and Universities. By being chosen for Who's Who, a student is recognized not only for academic achievement, but also for leadership ability and campus involvement.

"I don't know Who — or what — put the question, don't know when it was put. I don't even remember answering. Centenary Campus

Our campus may be small,
but what it lacks in size
is made up for in beauty . . .
Crumley Gardens in spring,
old southern architecture,
tall trees and shady walkways
Beauty surpassed only by the miraculous
transformation Centenary experienced
with the coming of snow and ice . . .

College . . .

yes, a place for learning . . .
for furthering your education
but also a place where you can
get involved . . .
accept responsibility
give of yourself to others . . .

Rush

Rush . . .

a frightening experience —
for both rusher and rushees
— a time for parties and
getting to know each other
refreshments and songs
. . . skits and outings . . .

The time for a decision
finally comes . . .
the last mad rush for the
houses and it's over —
at least until next year

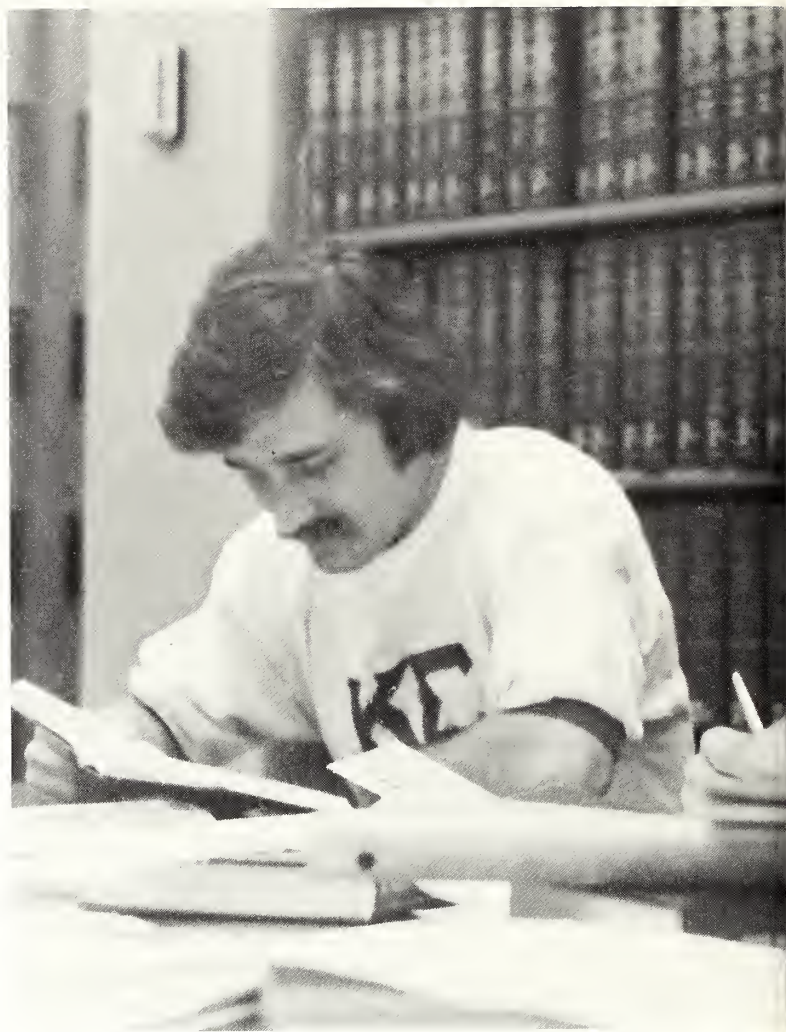

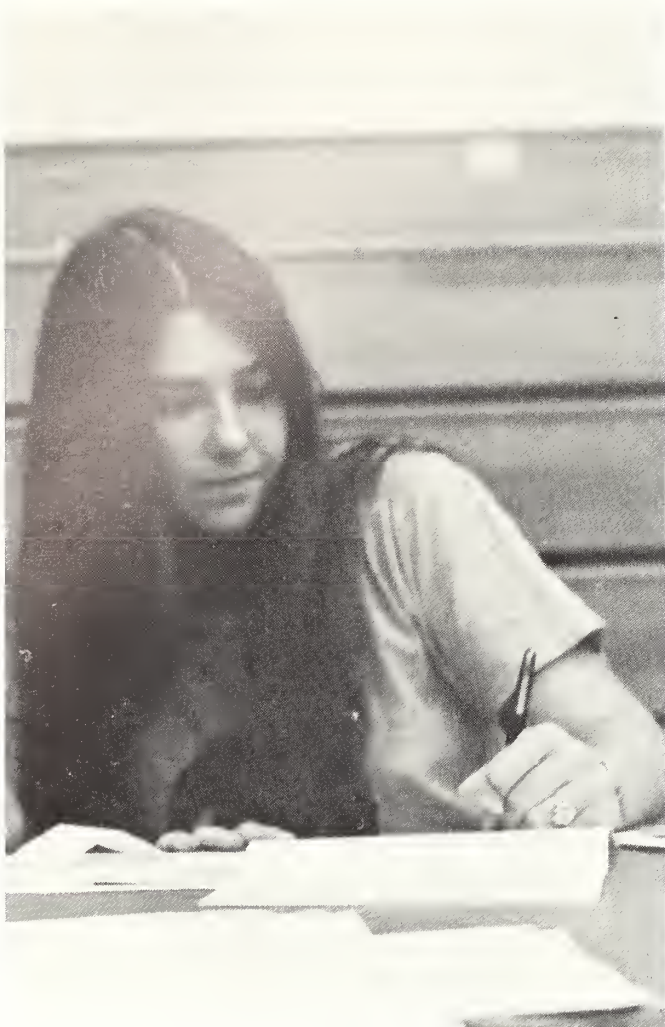

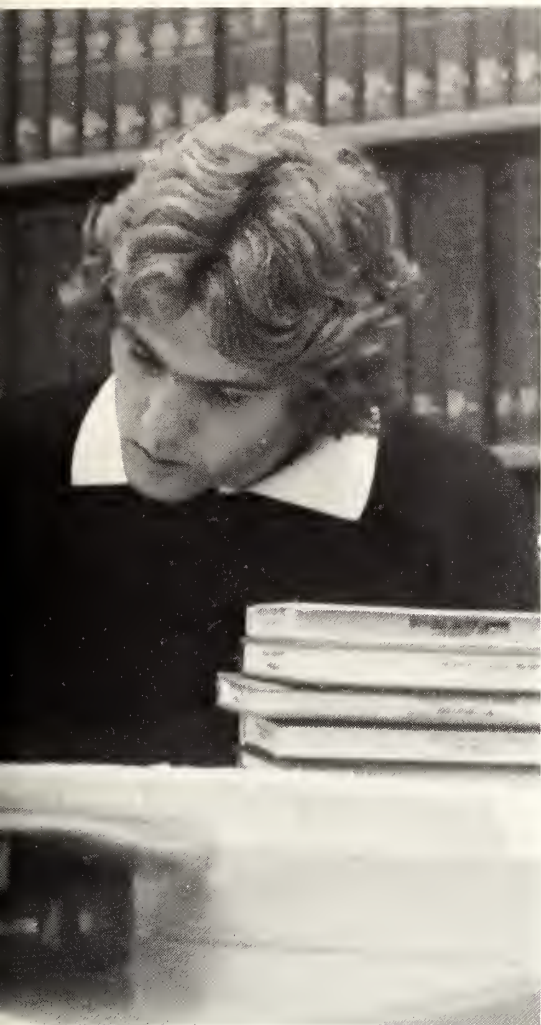

Dormlife

Moving in . . .
getting settled . . .
putting everything
where it belongs . . .
a place for
visiting,
studying,
sleeping,
having fun . . .

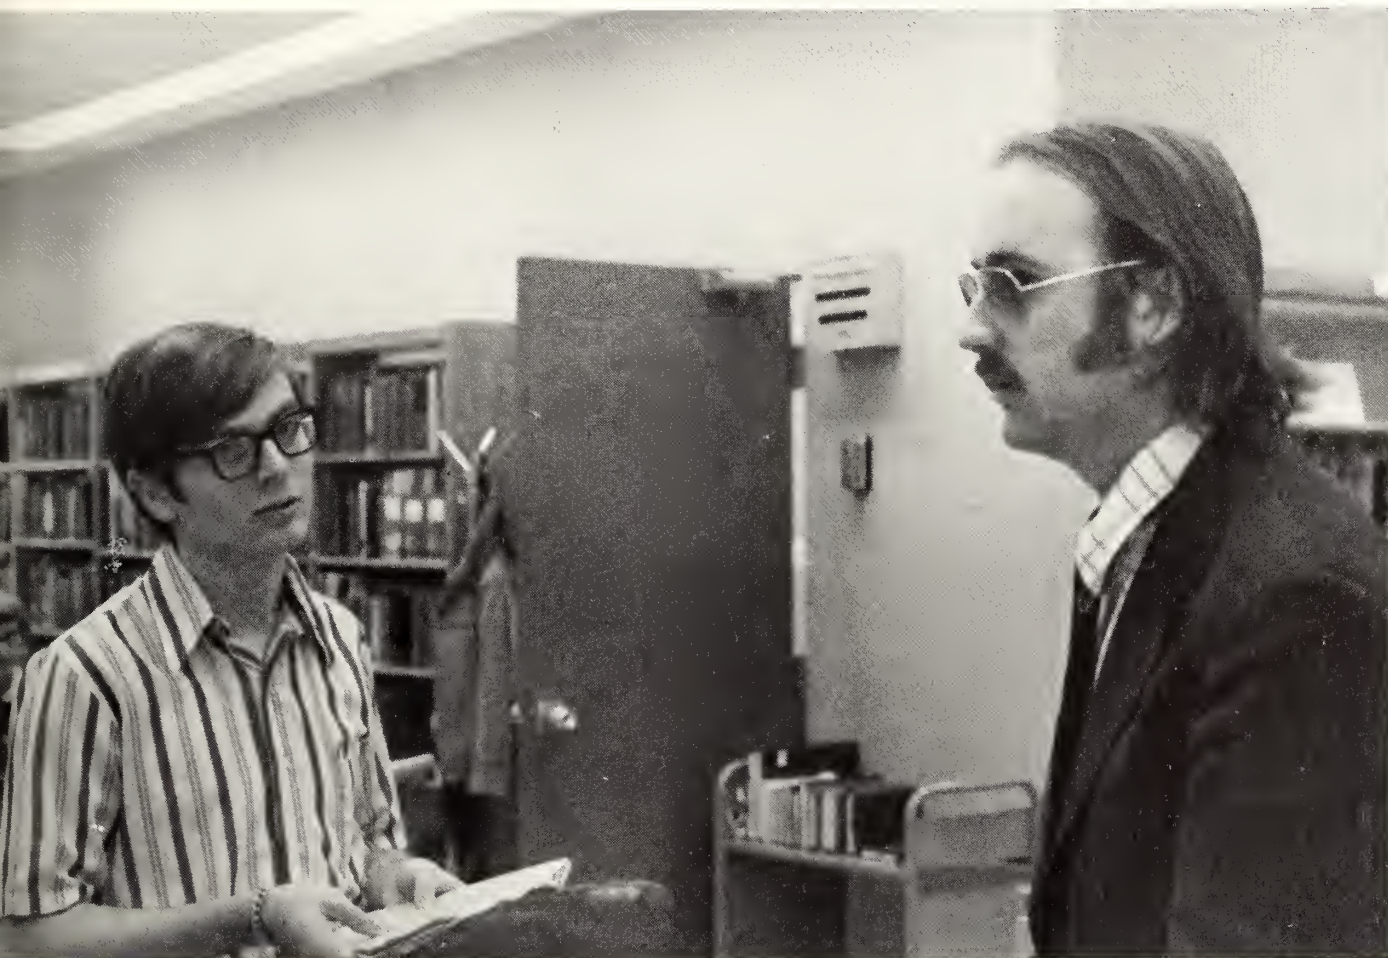

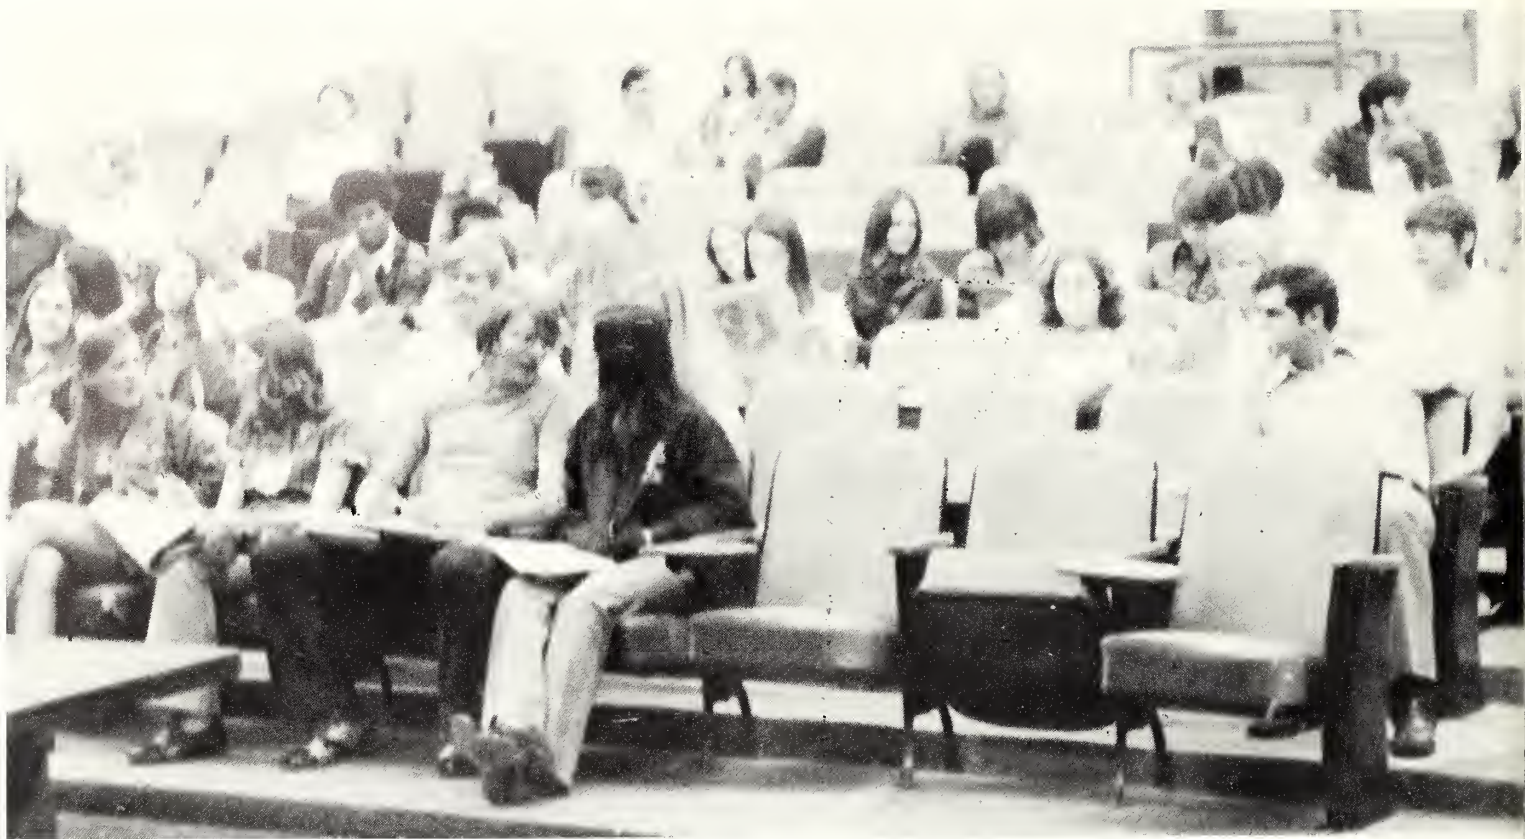

Registration and Study

Registration . . . a confused jumble of
running from one table to another . . .
standing in endless lines . . .
begging a professor to let you into
a class that's full . . .

After you finally get the classes you wanted,
you settle down and study —
the library is never busier than it is
during finals week,
with papers to finish and
exams to study for . . .

Classes

College means more than just fun and frolic — it means labs and listening, . . . and laboring, . . . and learning . . .

Interim

And there was Interim . . .

For some a time of seeing new things
and going different places . . .

Aspen,

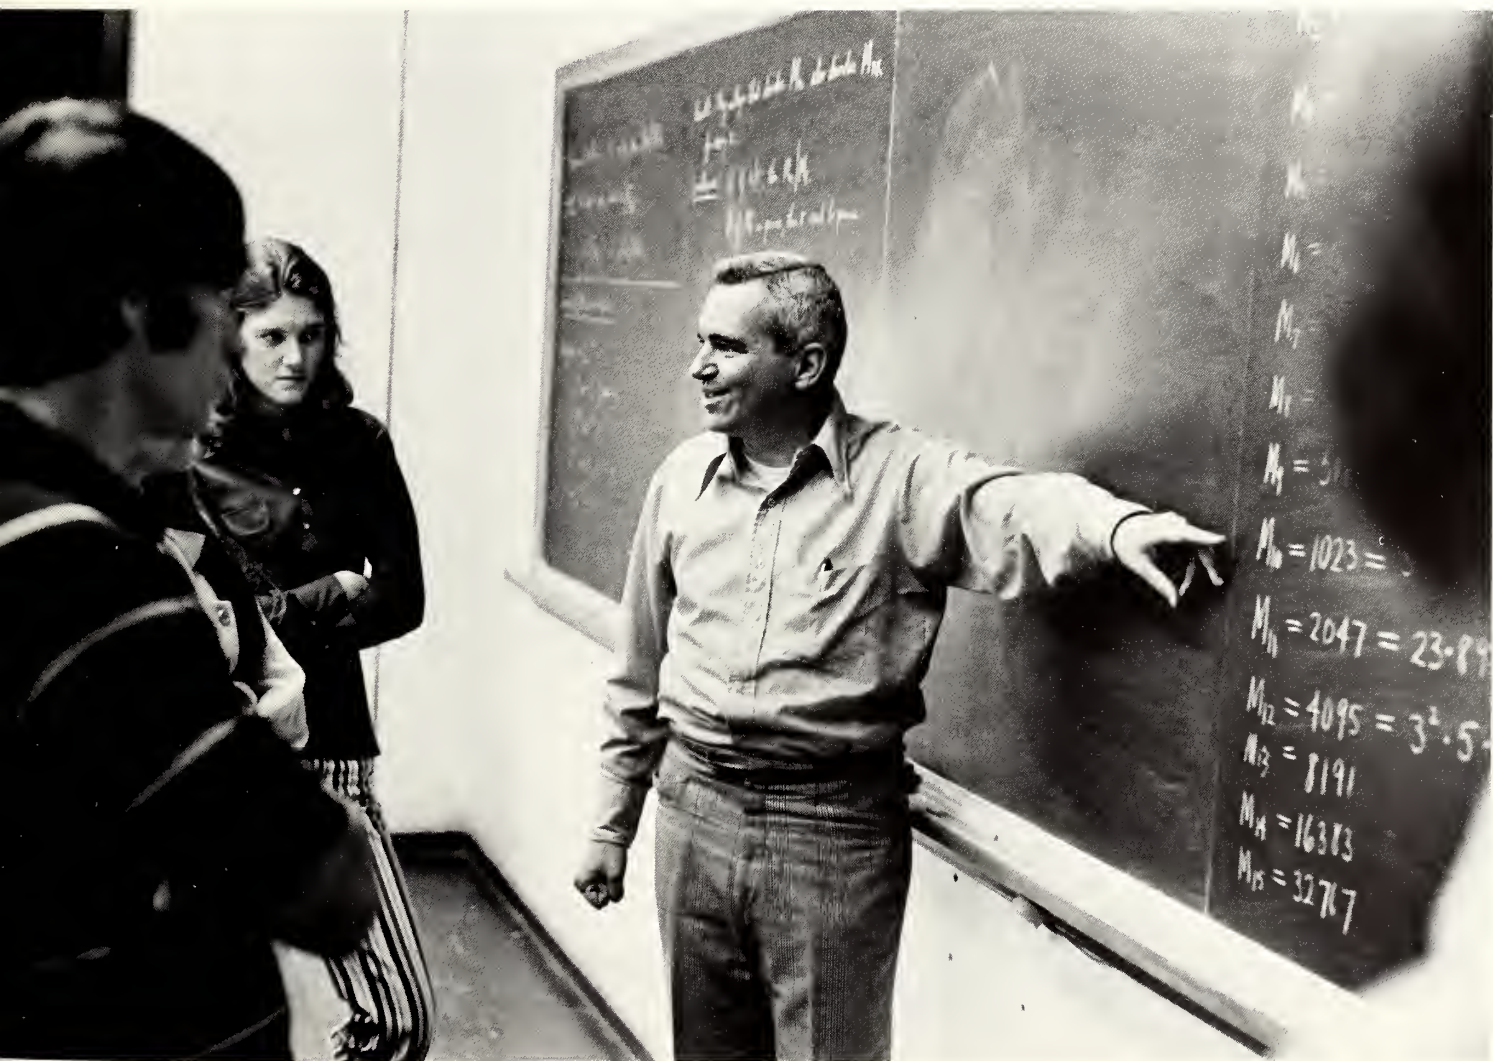

Denver,

Spain . . .

for others, a quiet time on campus

In any case, a time to get to
know each other better.

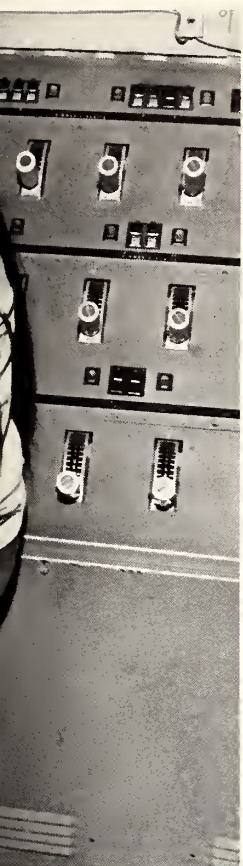

Playhouse

All the hours of hard work
both on stage and
behind the scenes
pay off many times over
on
opening
night.

High School Day — All-Campus Review

We share Centenary with high school visitors . . . getting to know each other over an ice cream cone . . . more fun and games . . . Occasionally, we catch a glimpse of the talent which exists among our peers.

Parties and Dances

Usherettes and Spirit Line

Centenary finished the year with a 19-8 record, its finest in major college competition. The Gents fashioned this mark despite key injuries to starters Larry Davis and Milton Horne at crucial times in the season. Another obstacle thrown in front of the Gents this year was a probation issued by the NCAA for alleged admission violations.

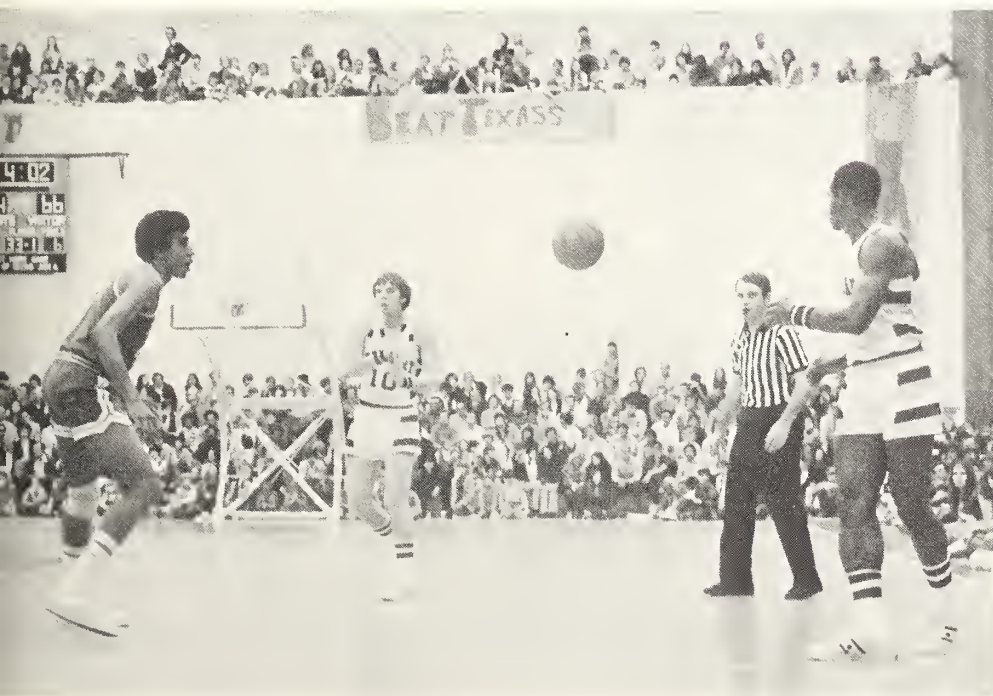

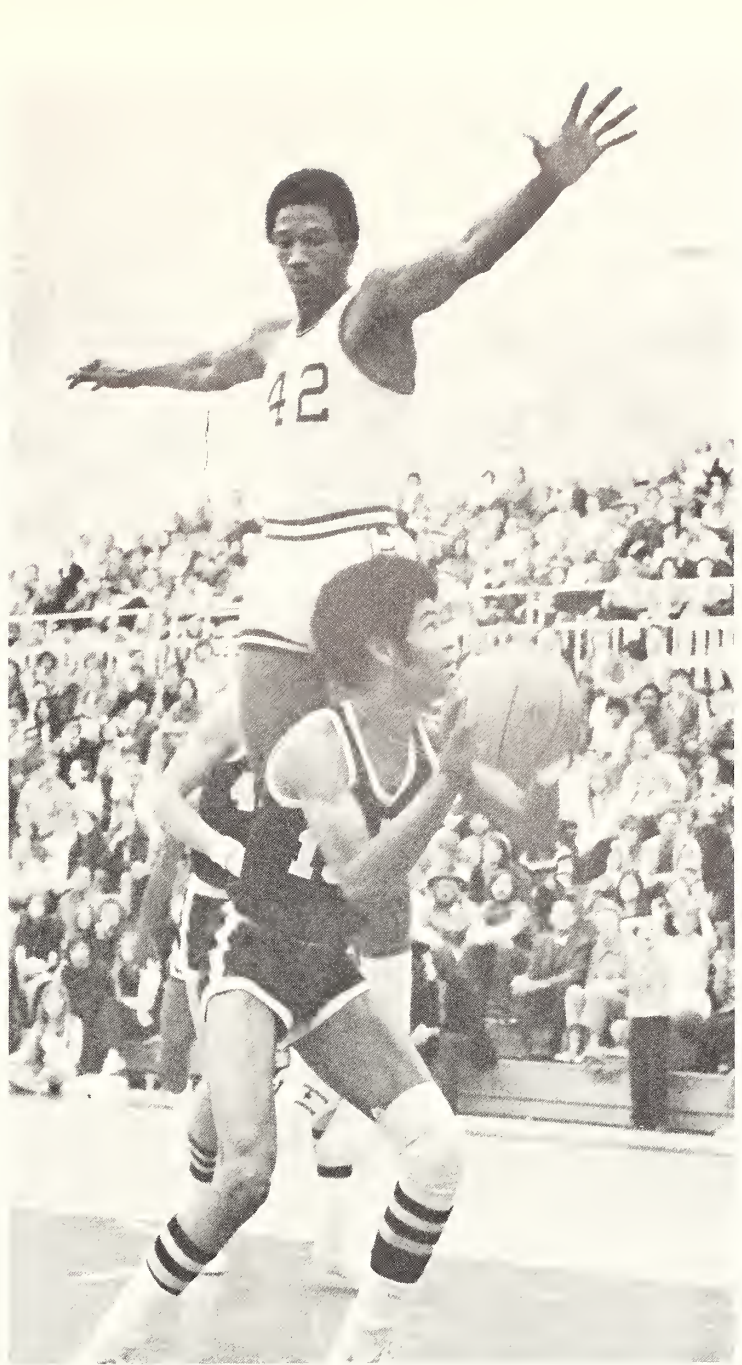

In route to their 19 win season the Gents demolished a pile of school records. The chief record-setter was the nation's number one freshman, Robert Parish. In his first year Robert has broken seven individual school scoring and rebounding marks. Another star, Melvin Russell, dazzled opponents and delighted fans as he gave off 184 assists this year for a career total of 387. Davis, who missed several games, still managed to move into the number four position on the list of all-time Centenary scorers. Eight school team records were broken in addition to the ten new individual marks and this should serve at least in part to indicate the balanced team play which far surpassed the contributions of any individual.

Varsity Basketball

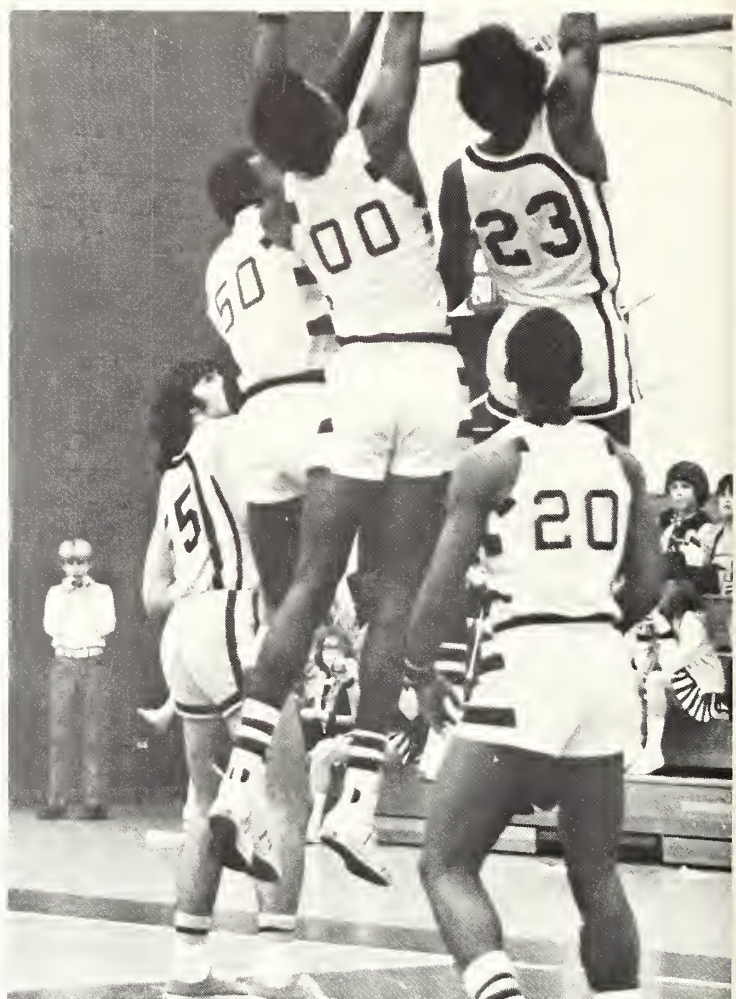

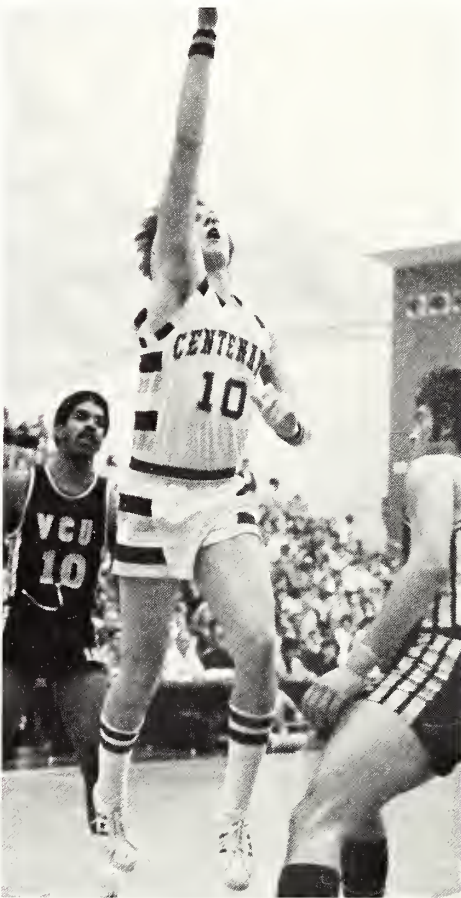

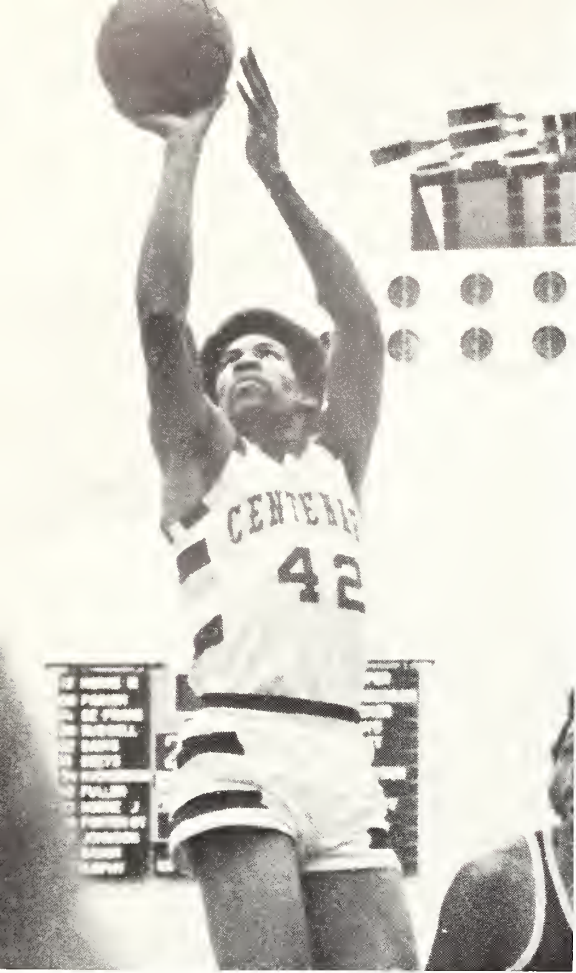

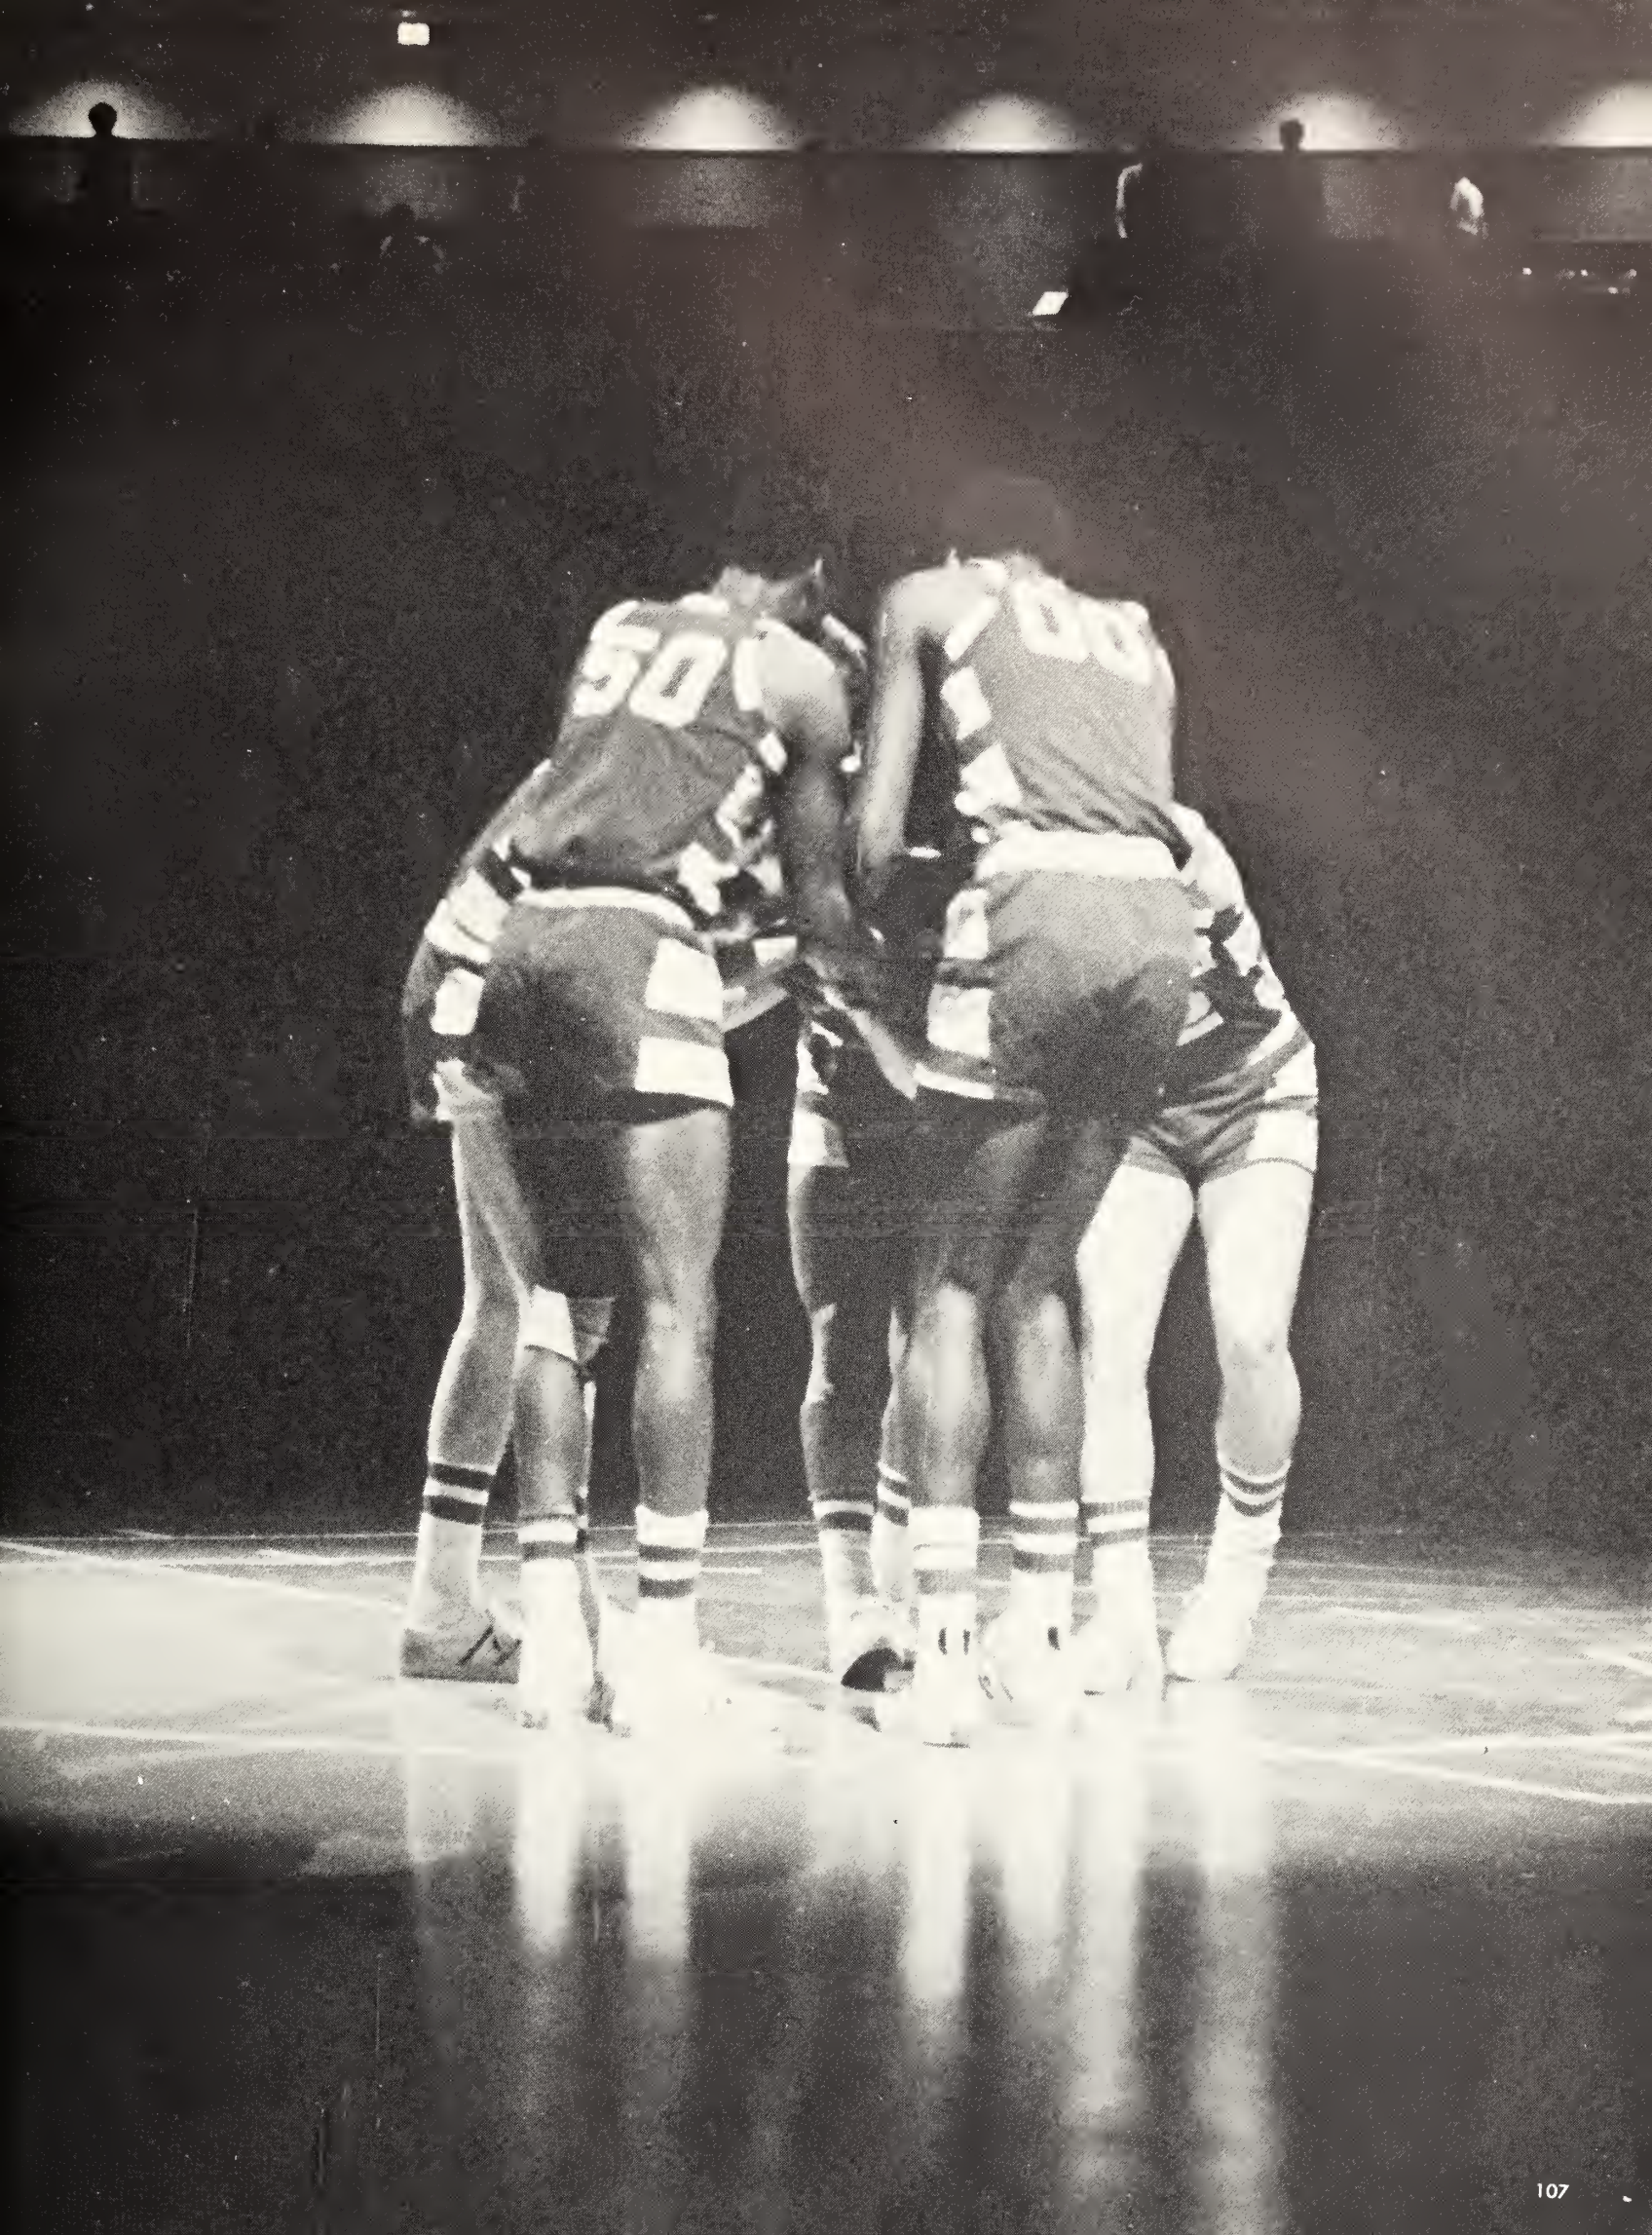

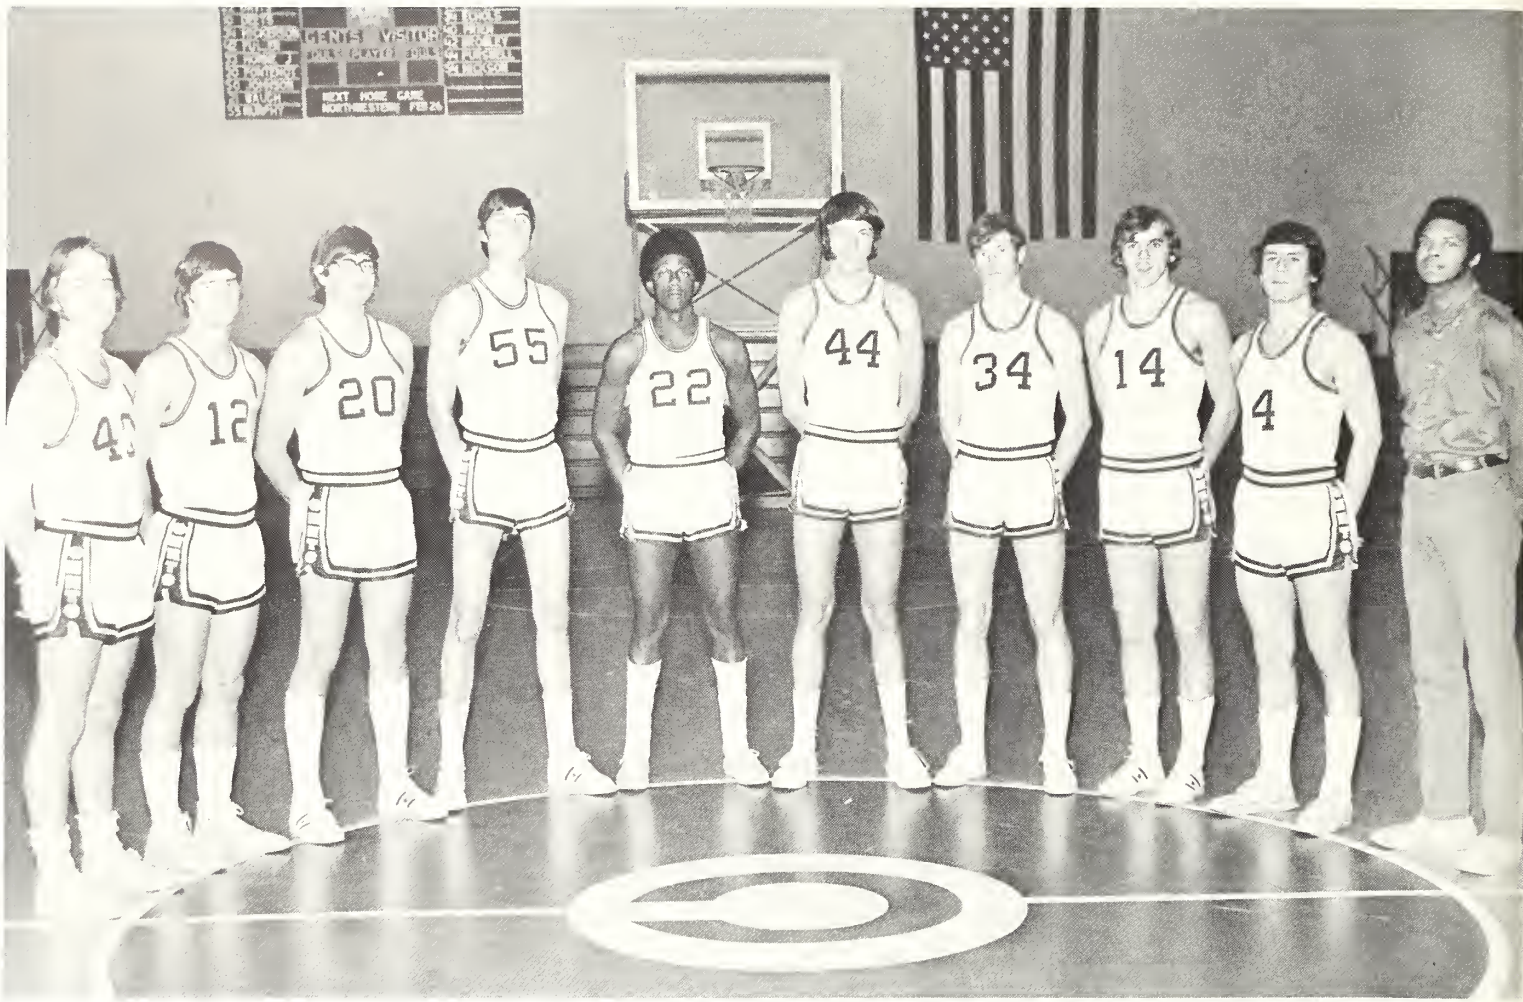

John Gover, Stan Welker, Jim Bonds, Welton Brookshire, Nate Bland, Cal Smith, Rick Jacobs, Dale Kinkelaar, Barry McLeod, Assistant Coach Claudell Lofton

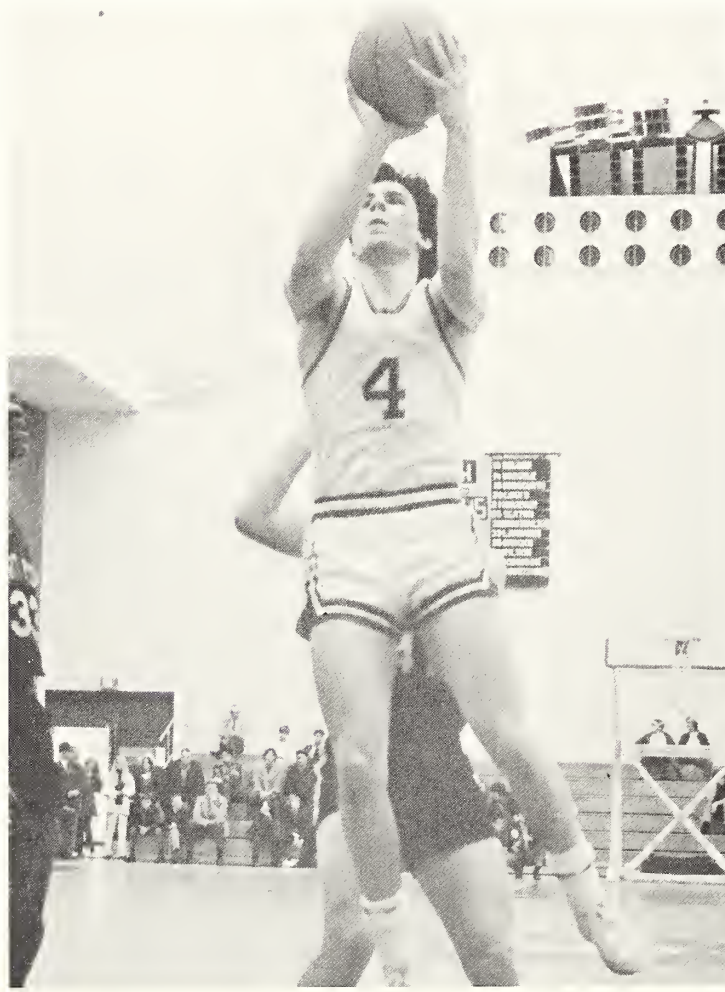

This year's junior varsity team compiled a 17-7 worksheet, and after a slow 4-7 start went on to sweep their last thirteen games by an average margin of 19.6 points.

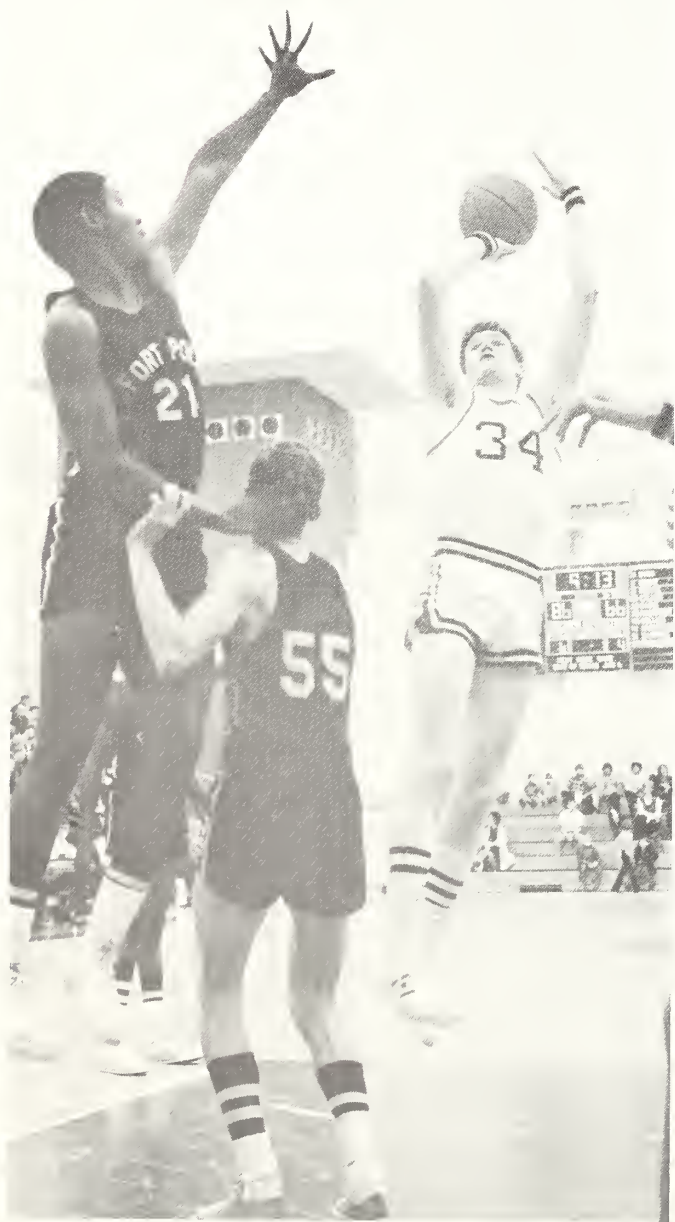

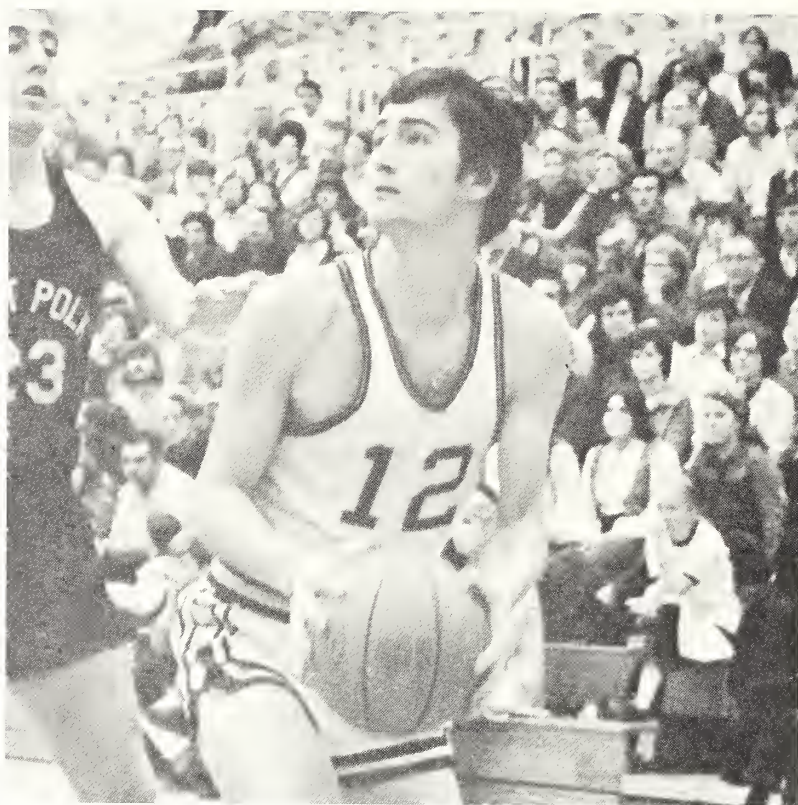

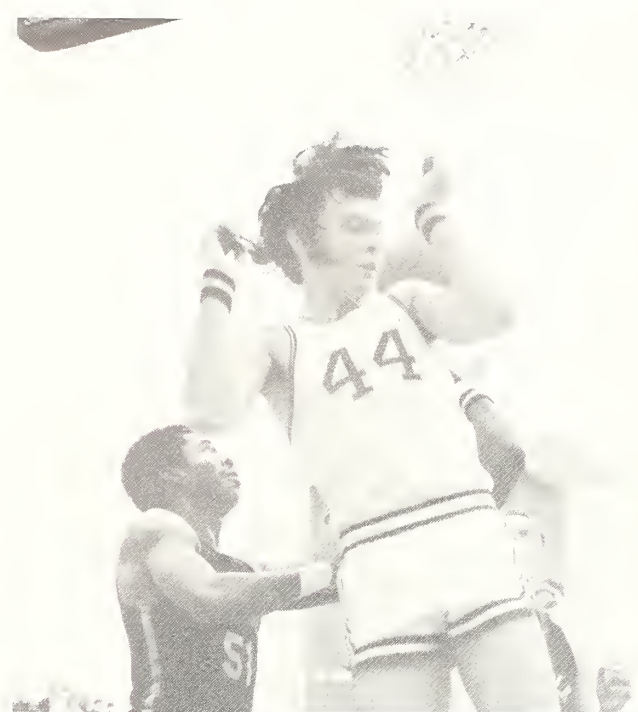

The Gentlets employed the same running style ball the varsity played and gained valuable experience and improved tremendously as the year progressed. They were led by quarterback, Barry McLeod; outside sharpshooter, Nate Bland; hustling, Rick Jacobs; and inside power, Cal Smith.

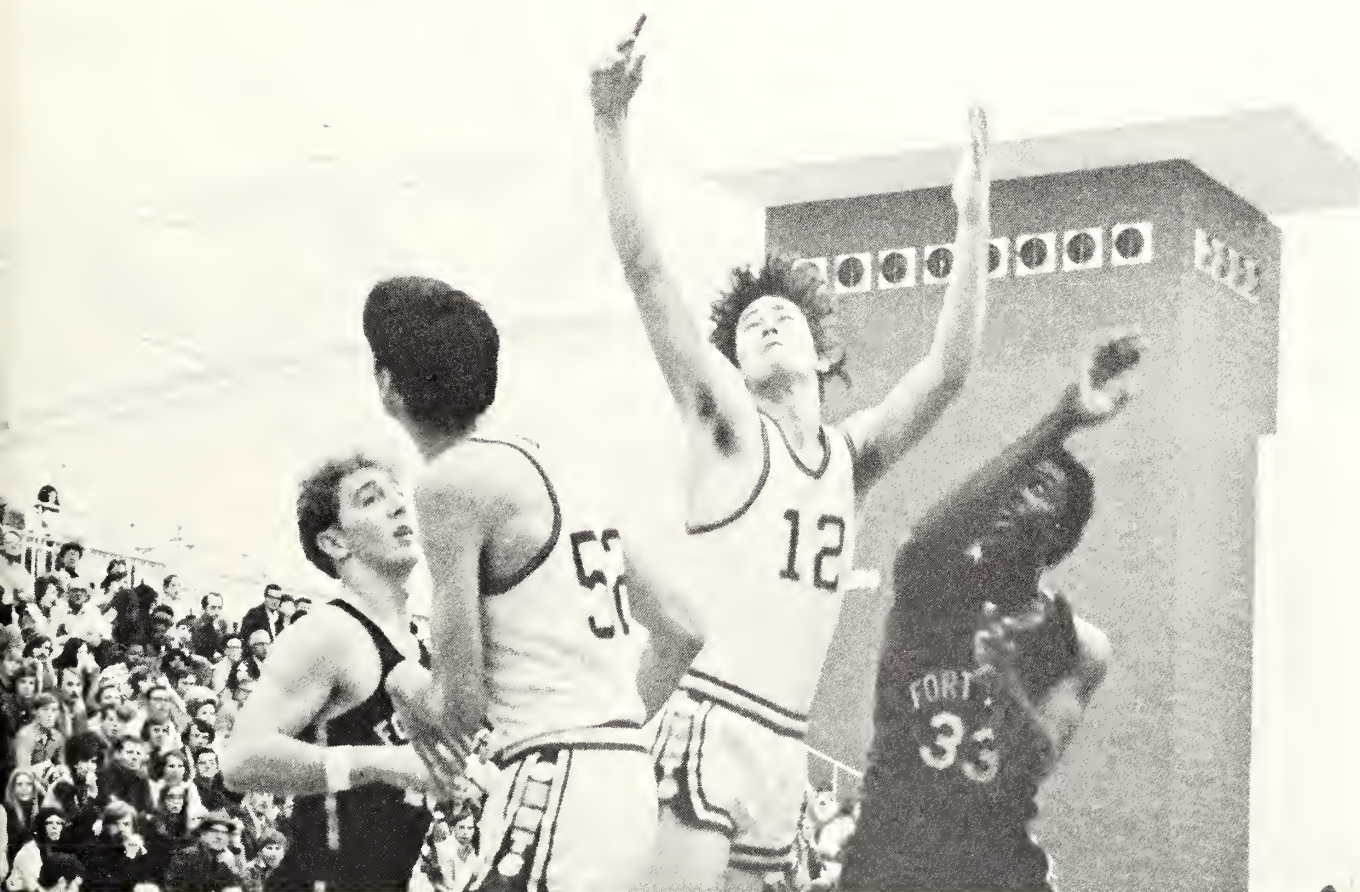

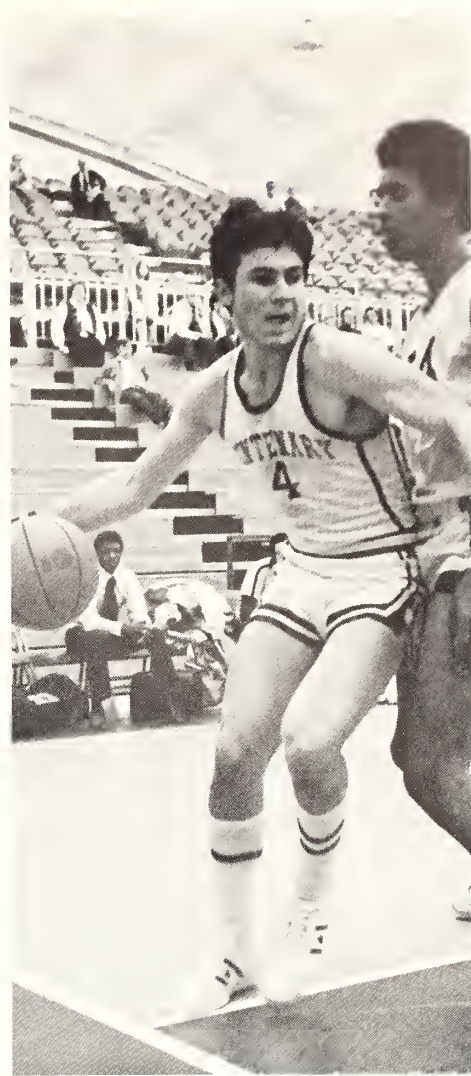

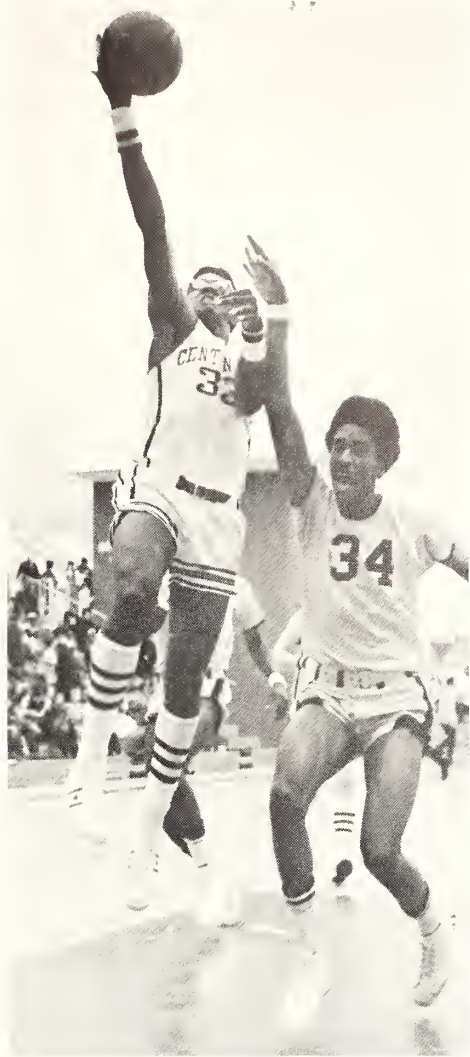

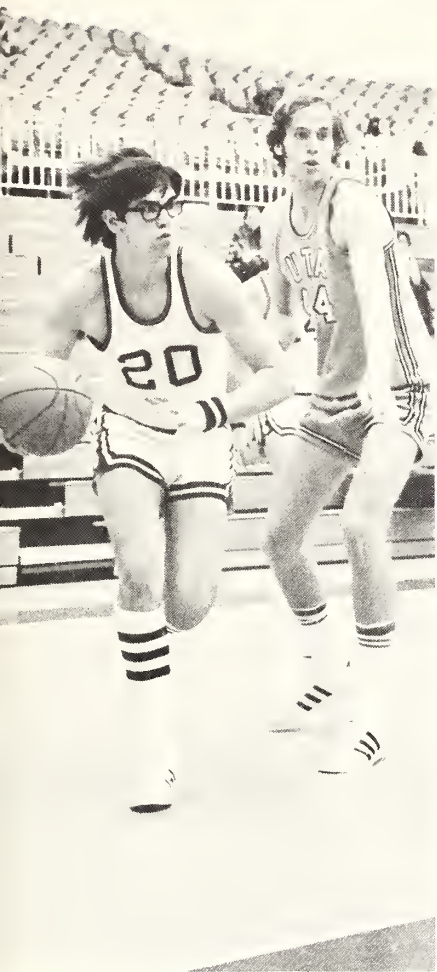

Looking ahead to next year there will be only five returnees to the varsity and the team will rely heavily upon this year's junior varsity squad. If the players can live up to their high potential many feel that next year's edition of the Centenary Gents will be the finest ever.

The Gents return 12 players from last year's 10-30 squad, and the hope is that the team will be able to capitalize on this experience and maturity. The Gents also have added three freshmen, and are counting on strong performances from these players. If the year is to be a success, the burden will rest on the ability of the pitching staff to endure a 44 game season. With only six pitchers available the pressure on the mound will be very tough. Inconsistent clutch hitting and erratic infield defense plagued the club much of last season, and improved play in both of these areas will be important cogs in this season's wheel of success.

Cross Country

Men's Intramurals

The intramural program at Centenary is sponsored by the Physical Education Department and offers a variety of activities which provide students with the opportunity to participate in organized individual and team sports. Dr. Val Tucker is Faculty Advisor for the Men's Intramural Program. Bill Dunlap and Henry Gordon serve as student directors for the program.

The winner of the 1972 Intramural Sweepstakes trophy was Kappa Sigma Fraternity. They won this coveted award in a fashion never before accomplished at Centenary. Kappa Sigma swept first place in all four of the major team sports; football, volleyball, basketball, and softball. Congratulations Kappa Sigmas, but lookout for the competition this year.

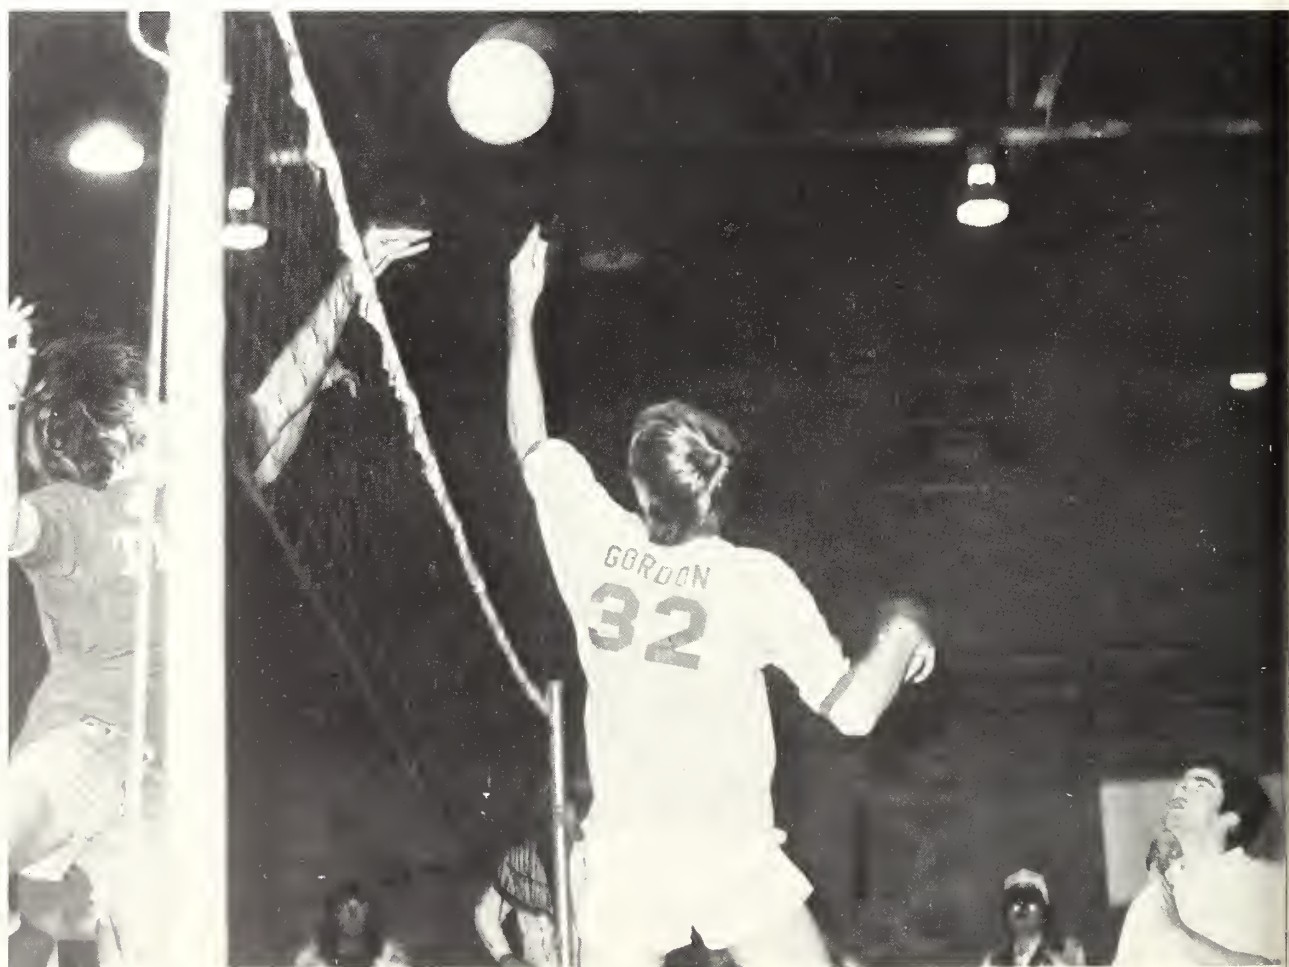

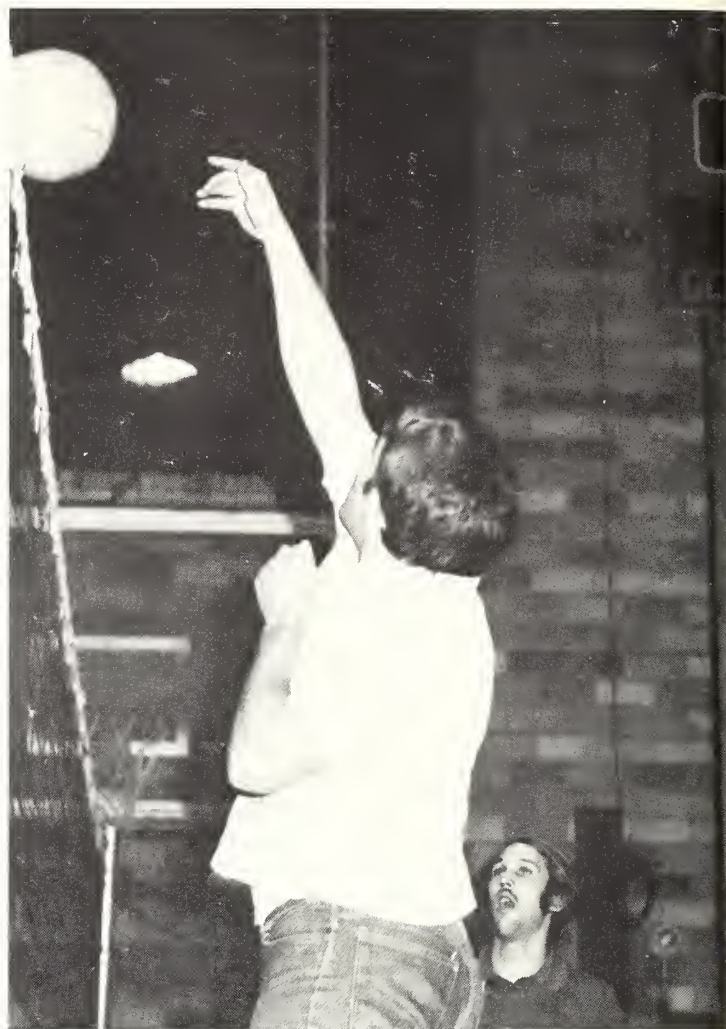

The Hornes, an independent team won the flag football championship this year by defeating Kappa Sigma Fraternity 13-6. The stage was set for the final game of the playoffs when the Hornes beat Tau Kappa Epsilon 19-14, and Kappa Sigma won by a score of 19-0 over Faculty. Tau Kappa Epsilon went on to capture third place with a consolation win of 26-7 over Faculty.

Men's intramural volleyball was won by Kappa Alpha Fraternity. They defeated Tau Kappa Epsilon Fraternity in the final game of a double elimination tournament.

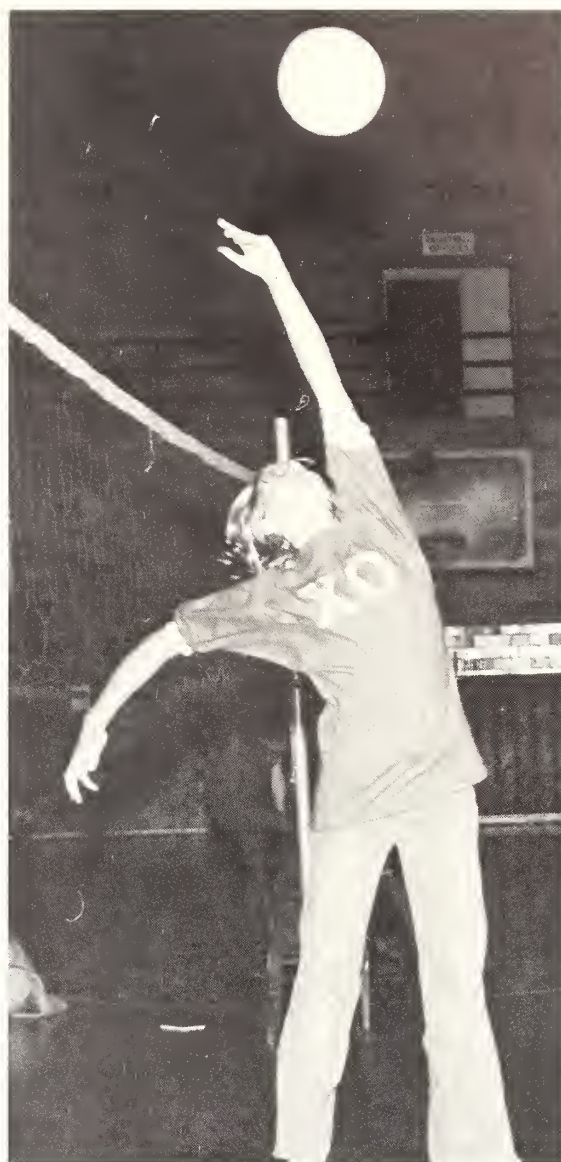

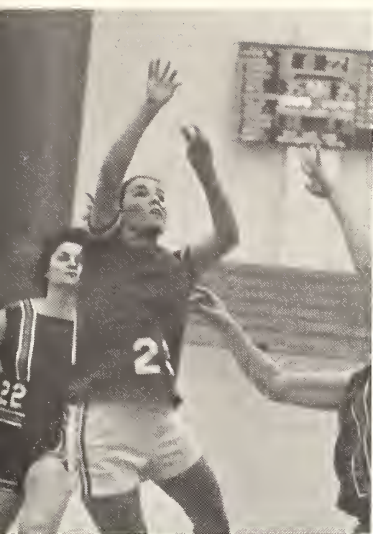

Women's Recreational Association

The Women's Recreational Association has been established to promote extramural as well as intramural activities for the Centenary students. WRA strives to furnish a warm atmosphere of congenial competition for all participants. Current Faculty advisor for WRA is Miss Sharron Settlemyre.

Dr. John H. Allen
President
of
Centenary College
of Louisiana

There are those who might think that Centenary College and change are mutually exclusive terms. After all, we do boast of the Old Girl's age and her traditions, and how does one manage to talk of change in the face of tradition? But we can. Because we do change, we have changed, and we will change. It's part of our tradition.

Last year the administration and faculty tried to change the tendency toward bureaucracy on campus by reducing the number of standing committees by one half. The faculty also changed our academic accounting system from numbers of semester hours to number of courses completed by a student.

Physically the campus changed when we moved into the new administration-service building and the

Gold Dome. Interestingly, with that move we effected another change by winning more basketball games than we lost.

Proposals and counter-proposals concerning dorm hours and visitation were rampant last year and the result was change.

And so it went and so it goes. There will always be change even though it isn't exactly what I wanted when I wanted it.

Maybe next year.

It is with mixed feelings that we put the finishing touches on this book. It represents a year of growth and achievement. We have grown from a small group of friends to a large group of friends. We have grown from a small group of friends to a large group of friends. We have grown from a small group of friends to a large group of friends.
